Coward Revue Sketches Feb 02 2020 In the 1920s and 1930s Noël Coward mastered and defined the art of the revue sketch - short and often topical or satirical sketches many of which were a lead-in to his famous songs. He wrote these sketches for revues of the 1920s and 1930s, including *London Calling!* (1923) and *Cochrane's* of 1931. This volume collects Coward's best and most witty pieces, including *Rain Seven*, the only sketch he performed with Gertrude Lawrence, and the hilarious *Some Other Private Lives*, in which Coward burlesques his own famous play, *Private Lives*. Also included are short one-act plays never before published. The collection includes an Introduction by Coward scholar Barry Day, setting the work in the context of its time and its dramatic form. A forgotten area of Coward's writing is now back.

Nothing to Declare Sep 17 2021 Sex. Drugs. Revolution. Grilled tuna. "Nothing To Declare" is truly wonderful. The searing romantic/political/artistic triangle at its core movingly evokes the strange and wonderful Santa Cruz garden of my youth. I love it. —David Talbot, author of The New York Times' bestsellers, Brothers, and The Devil's Chessboard, and national bestseller Season of the Witch Jesse Kerf's a good guy, a restaurant owner who's got his life just so. Flash L.A. bistro, spiffy BMW, all-white condo with an ocean view. Then comes a bombshell. He's been named sole heir to the Balakian, the wild man and con artist who used to be his best friend. Never mind, he hasn't had a single word in twenty years. In the 1970s, Marty was everything Jesse wanted to be—a brilliant and fearless dreamer who let no one stand in his way. But it's not Marty and not Isabel, the dark-souled woman they both loved. Laws were there to be broken and hearts, too. Jesse couldn't be that hard. Until he had to. Marty's death forces Jesse to reckon with the past he's been running from for two decades. Between that and a love triangle, a trip that leads from Boston to Bali, and the burden of secrets he's carried so long, Jesse's got a lot to handle. Before he can get his life on track, he must figure out not just who he was, but who he wants to be from now on. Driven by a fast-moving plot, rich characters and a canny portrait of a culture in revolt, Richard M. Ravin's Nothing to Declare is a lively and engaging novel packed with romance, humor, betrayal, and discovery.

Don't Rub 'Em, Count 'Em Oct 07 2020 An anecdotal memoir of being born and grow  
up in Tottenham. These are stories and tales written by a working-class boy who  
brought up by working-class parents half a mile from Tottenham Hotspur's White  
Lane Ground. Parents who might be considered poor but were extremely loving and  
high moral standards. By the author's own admission, and with all due respect to  
teachers, his education was not the best it might have been. It really just passed  
mostly due to his obsession with his dream of being a professional footballer. A  
did not quite achieve, albeit with the consolation that he became a scout, later  
his beloved Tottenham Hotspur. A biography full of the stories the author remembers  
from over sixty-five years of playing and being involved with the game. And with  
other great love of music. The banter of the club houses and the pubs after the  
ups and downs of being an ardent fan of Tottenham Hotspur supporting them through  
'thick'n thin, good and bad'. The author hopes to show what a great life it can be  
involved with the 'grass roots' of football.

Anything to Declare? Apr 24 2022 This classic and hilarious French farce commences when a customs official barges into newlyweds Robert and Paulette's train compartment at a most inopportune moment on their wedding night, rendering the poor fellow impotent. His parents-in-law demand that he consummate the marriage or it will be annulled, and Paulette will marry La Baule instead. Enter Mademoiselle Zeze, a courtesan, and let the games begin. "Panic is the chief ingredient of ANYTHING TO DECLARE?, a 1906 French farce ... as the emergencies mount for a bashful bridegroom and his hypocritical father-in-law, a frustrated former suitor and a de-pantsed camel driver. Farce, which requires absolute conviction in the face of increasingly absurd circumstances, may be the most fragile of theatrical forms. ANYTHING, by Feydeau and his contemporaries Maurice Hennequin and Pierre Veber, puts the players through some demanding paces [in] Laurence Senelick's gleefully euphemistic translation ..." -Stacy Winn, San Francisco Chronicle

Dec 29 2019 "The Administrator requested I give you a presentation on the information we have in reference to JL 1628 and the reported UFO encounter in Alaska within the Alaska Air Traffic Control area. Would you gentlemen introduce yourself?" One man stood up and turned toward the six remaining men. "These are members of the Presidential scientific staff, along with members of the CIA and the team leader." He flashed his identification badge and sat down offering no notes to the participants. The software team leader rose and slipped a video in a recorder. A picture of a radarscope filled the television screen which covered an entire wall in the large office. All eyes were transfixed on the JL 1628's aircraft symbol moving across a pale green background. Clearly depicted adjacent to the JL 1628 symbol was an intermitting unidentified target traveling in the vicinity of the B747. The unknown target moved beside, in front of and around JL 1628 for 32 minutes as the group listened to the voice of the pilot, the FAA air traffic controller, and the military controller as they attempted to determine who, what and where the strange target came from and the intention of the invader. The seven men requested to watch the tape two more times before starting their questioning. The oldest of the seven stood up and began the questioning. He stated that he was from the President's scientific staff and needed details. "What was the speed of the antenna?" The lead software engineer responded in seconds. "What was the frequency of the radar?" "126.35" he responded. "What was the beam width?" "3.5 degrees." "What was the algorithm of the height finding radar?" One of the other software engineers responded with the algorithm as if he answered the question everyday. The leader of the seven stood up, pointing to the many boxes on the wall with printouts and tapes from the incident. "We are confiscating all this data." He pointed in the direction of the large screen, "this event never happened, we were never involved. You are not to utter one word of this entire event to anyone. You are sworn to secrecy. You will forget any involvement with JL 1628 including us, this room, and every document, paper and person connected. Understand?"

Dec 21 2021 Preachers at funerals differ in approach. Some regard the purpose of the sermon to be eulogy, to heap so much praise that the deceased becomes unrecognizable to the mourners. Others regard praise of the departed as inappropriate, as it may detract from the praise of Almighty God, which they believe

Still others opt to say nothing at all, arguing disingenuous for one person to be lying in the pulpit while another is lying in the this book of funeral sermons preached throughout his forty-year ministry, Harold offers Jesus' message of the sure and certain hope of the Resurrection—hope for hope for the church, and hope for the world in which we live, move, and have our United States Steel Corporation Aug 05 2020
