Contrastive Phraseology Feb 09 2021 This volume is addressed to researchers in the field of phraseology, and to teachers, translators and lexicographers. It is a collection of essays offering a comprehensive, modern analysis of phrasemes, embracing a wide range of subjects and themes, from linguistic, both applied and theoretical, to cultural aspects. The contrastive approach underlying this variety of themes allows the divergences and analogies between phraseological units in two or more languages to be outlined. The languages compared here are both major and minor, European and non-European, and the text includes contrastive analyses of the most commonly investigated languages (French-German, English-Spanish, Russian-German), as well as some less frequently investigated languages (like

Ukrainian, Romanian, Georgian and Thai), which are not as well-represented in phraseological description, despite their scientific interest.

Freud and Italian Culture Aug 06 2020 This book explores the different ways in which psychoanalysis has been connected to various fields of Italian culture, such as literary criticism, philosophy and art history, as well as discussing scholars who have used psychoanalytical methods in their work. The areas discussed include: the city of Trieste, in chapters devoted to the author Italo Svevo and the artist Arturo Nathan; psychoanalytic interpretations of women terrorists during the anni di piombo; the relationships between the Freudian concept of the subconscious and language in philosophical research in Italy; and a personal reflection by a practising analyst who passes from literary texts to her own clinical experience. The volume closes with a chapter by Giorgio Pressburger, a writer who uses Freud as his Virgil in a narrative of his descent into a modern hell. The volume contains contributions in both English and Italian.

Crusades and the Latin East. After the
introduction by Michel Balard, the first papers

against the Albigensians and Frederick II, and on
the situation in the Iberian peninsula. There
follow studies on relations between crusaders
and the local populations in the Byzantine world

Armenia, while a final pair looks at papal interventions in Poland and Scandinavia.

Alle pendici dei Colli Albani / On the slopes of the Alban Hills Dec 10 2020 This volume results from the conference "Between Appia and Latina, Settlement Dynamics and Territorial Development on the Slopes of the Alban Hills", held at the Royal Dutch Institute at Rome (KNIR)

in February, 2017. It contains 23 methodological, thematic and material culture studies on the historical topographical reconstruction of the Alban Hills in Antiquity with a focus on the area of contact with the suburbium of Rome. Papers present both data from new research and results of research done in the past. In the initiative a range of research institutions partook (foreign Institutes at Rome, Universities, Archaeological Services) and independent researchers stimulating the exchange of current knowledge of this small, but important part of the Campagna Romana.

Echoing Voices in Italian Literature Nov 01 2022
This collection of essays explores the reception of classics and translation from modern languages as two different, yet synergic, ways of

engaging with literary canons and established traditions in 20th-century Italy. These two areas complement each other and equally contribute to shape several kinds of identities: authorial, literary, national and cultural. Foregrounding the transnational aspects of key concepts such as poetics, literary voice, canon and tradition, the book is intended for scholars and students of Italian literature and culture, classical reception and translation studies. With its two shifting focuses, on forms of classical tradition and forms of literary translation, the volume brings to the fore new configurations of 20th-century literature, culture and thought.

Le ali degli angeli Aug 25 2019 Il presente testo affronta il tema dell'Angelologia studiando la Cabalà, le lettere ebraiche che compongono il nome di ognuno dei 72 Angeli e proponendo una spiegazione del carattere, dei talenti e dei difetti

appartenenti a tutte le persone nate sotto l'influenza di ogni Angelo specifico. Inoltre ci sono capitoli introduttivi e di spiegazione sui Fiori di Bach, Fiori Australiani, Pietre, Aromaterapia e colori in quanto rimedi consigliati per creare un collegamento diretto con la propria energia Angelica specifica. Questi rimedi hanno la capacità, se usati in sinergia tra loro e con l'intenzione profonda della persona, di eliminare tutte quelle ostruzioni energetiche, psicologiche ed emotive che impediscono di contattare il flusso di energia del proprio Angelo, precludendo così le possibilità di sviluppo più profonde della persona.

50 Jahre Wahrheit und Methode Jan 11 2021 The turning point occurred with Heidegger's hermeneutics of facticity saw a great flourishing

in Gadamer's works. Hermeneutics becomes the philosophy that undermines the scientific parameters of modernity and it looks for an extra-metodica way that leads up to truth through the rediscovery of the cultural values of our European tradition that is art, taste and culture but above all, rhetoric, practical philosophy, and that particular form of judgment called phronesis, which expresses itself in the understanding of the other and in the dialogue. This sensitivity towards the values of tradition, which represents the authentic authority since it's the consent on which the civil society is based, cannot for Gadamer withdraw into itself but it must open itself to the intercultural dialogue as an ethical answer to the challenge of globalization. PLEASE NOTE: Only three of the book's twenty-two essays are in English language text. (Series: The Dialogue - Yearbook of Philosophical Hermeneutics - Vol. 5)

Anointment of Dionisio May 15 2021 Kuntz tells the tale of the itinerant preacher Dionisio Gallo, using his story to depict the political and religious landscape of Counter-Reformation Europe and the relationship between politics and religious reform during the decade of the Council of Trent. We see how much prophecy and

eschatology still attracts the intellects of France and Italy.
