Mexicanos Mar 28 2022 Newly revised and updated, Mexicanos tells the rich and vibrant story of Mexicans in the United States. Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people, Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States. Shaped by their Indian and Spanish ancestors, deeply influenced by Catholicism, and tempered by an often difficult existence, Mexicans continue to play an important role in U.S. society, even as the dominant Anglo culture strives to assimilate them. Thorough and balanced, Mexicanos makes a valuable contribution to the understanding of the Mexican population of the United States--a growing minority who are a vital presence in 21st-century America.

Leaving Latinos Out of History May 06 2020 Despite being the state with perhaps the longest history of Latino presence, power and influence, Texas has very much under-represented Latinos in its schools history curriculum. Through an analysis of teaching materials and curriculum goals, Noboa investigates the extent to which this significant minority is effectively excluded from American historical narrative.

Ethnogeriatrics Aug 28 2019 This volume is divided into five parts and fifteen chapters that address these topics by examining ethnogeriatric foundations, research issues, clinical care in ethnogeriatrics, education and policy. Expertly written chapters, by practicing geriatricians, gerontologists, clinician researchers and clinician educators, present a systematic approach to recognizing, analyzing and addressing the challenges of meeting the healthcare needs of a diverse population and authors discuss ways in which to engage the community by increasing research participation and by investigating the most prevalent diseases found in ethnic minorities. Ethnogeriatrics discusses issues related to working with culturally diverse elders that tend not to be addressed in typical training curricula and is essential reading for geriatricians, hospitalists, advance practice nurses, social workers and others who are part of a multidisciplinary team that provides high quality care to older patients.

The Rise of the Latino Vote Dec 25 2021 Francis-Fallon returns to the origins of the U.S. "Spanish-speaking vote" to understand the history and potential of this political bloc. He finds that individual voters affiliate more with their particular ethnic communities than with the pan-ethnic Latino identity created for them, complicating the notion of a broader Latino constituency.

Harvest of Empire Jan 06 2023 A sweeping history of the Latino experience in the United States- thoroughly revised and updated. The first new edition in ten years of this important study of Latinos in U.S. history, Harvest of Empire spans five centuries-from the first New World colonies to the first decade of the new millennium. Latinos are now the largest minority group in the United States, and their impact on American popular culture-from food to entertainment to literature-is greater than ever. Featuring family portraits of real- life immigrant Latino pioneers, as well as accounts of the events and conditions that compelled them to leave their homelands, Harvest of Empire is required reading for anyone wishing to understand the history and legacy of this increasingly influential group.

Changing Race Nov 23 2021 An introduction to the dynamic complexity of American ethnic life and Latino identity Latinos are the fastest growing population group in the United States. Through their language and popular music Latinos are making their mark on American culture as never before. As the United States becomes Latinized, how will Latinos fit into America's divided racial landscape and how will they define their own racial and ethnic identity? Through strikingly original historical analysis, extensive personal interviews and a careful examination of census data, Clara E. Rodriguez shows that Latino identity is surprisingly fluid, situation-dependent, and constantly changing. She illustrates how the way Latinos are defining themselves, and refusing to define themselves, represents a powerful challenge to America's system of racial classification and American racism.

A World Not to Come Jul 20 2021 In 1808 Napoleon invaded Spain and deposed the king. Overnight, Hispanics were forced to confront modernity and look beyond monarchy and religion for new sources of authority. Coronado focuses on how Texas Mexicans used writing to remake the social fabric in the midst of war and how a Latino literary and intellectual life was born in the New World.

Everything You Need to Know About Latino History Sep 02 2022 The popular primer to Latino life and culture. Latinos represent the fastest-growing ethnic population in the United States. In an accessible and entertaining question-and-answer format, this completely revised 2008 edition provides the most current perspective on Latino history in the making, including: • New Mexico governor Bill Richardson's announced candidacy for the 2008 presidential election • Ugly Betty—the hit ABC TV show based on the Latino telenovela phenomenon • The number of Latino players in Major League baseball surpassing the 25 percent mark • Immigration legislation and the battle over the Mexican border • The state of Castro's health and what it means for Cuba More than ever, this concise yet comprehensive reference guide is the ideal introduction to the vast and varied history and culture of this multifaceted ethnic group.

A Kid's Guide to Latino History Apr 28 2022 A Kid's Guide to Latino History features more than 50 hands-on activities, games, and crafts that explore the diversity of Latino culture and teach children about the people, experiences, and events that have shaped Hispanic American history. Kids can: * Fill Mexican cascarones for Easter * Learn to dance the merengue from the Dominican Republic * Write a short story using &"magical realism&" from Columbia * Build Afro-Cuban Bongos * Create a vejigante mask from Puerto Rico * Make Guatemalan worry dolls * Play Loteria, or Mexican bingo, and learn a little Spanish * And much more Did you know that the first immigrants to live in America were not the English settlers in Jamestown or the Pilgrims in Plymouth, but the Spanish? They built the first permanent American settlement in St. Augustine, Florida, in 1565. The long and colorful history of Latinos in America comes alive through learning about the missions and early settlements in Florida, New Mexico, Arizona, and California; exploring the Santa Fe Trail; discovering how the Mexican-American War resulted in the Southwest becoming part of the United States; and seeing how recent immigrants from Central and South America bring their heritage to cities like New York and Chicago. Latinos have transformed American culture and kids will be inspired by Latino authors, artists, athletes, activists, and others who have made significant contributions to American history.

Latino Education in the United States May 18 2021 Winner of a 2005 Critics Choice Award from The American Educational Studies Association, this is a groundbreaking collection of oral histories, letters, interviews, and governmental reports related to the history of Latino education in the US. Victoria-María MacDonald examines the intersection of history, Latino culture, and education while simultaneously encouraging undergraduates and graduate students to reexamine their relationship to the world of education and their own histories.

[Latin Americans in History](#) Apr 16 2021 Amazing stories of Latin Americans who changed the world--for kids ages 8 to 12 Discover the incredible contributions that people of Latin American heritage have made to world history! Learn about Simón Bolívar, a Venezuelan soldier who helped many South American countries achieve independence from Spain. Meet Violeta Barrios Torres de Chamorro, a former journalist and the first female president of Nicaragua. And get to know Gloria Estefan, the famous Cuban singer and songwriter who became the "Queen of Latin Pop." From politicians and physicists to poets and painters, these biographies for kids explore 15 incredible Latin American people who used their creativity, intelligence, and strong beliefs to improve the world around them. Detailed biographies--Dive deep with stories that cover each person's entire life, including their childhood, their accomplishments, and the challenges that they faced. Learning and growing--These impressive people will inspire kids to discover their own talents and use them to achieve their dreams and support their community. Beyond the book--Want to learn more? Each biography includes activity ideas and suggestions for further reading so kids can keep exploring. Meet influential Latin Americans from a wide range of backgrounds with this illustrated Latino children's book.

The Columbia History of Latinos in the United States Since 1960 Dec 05 2022 Offers a comprehensive historical overview of the "Latinization" of the United States that has occurred over the past four decades. Brings together the views of some of the foremost scholarly interpreters of the recent history of Latinos in the United States.

El Norte Jul 08 2020 A sweeping saga of the Spanish history and influence in North America over five centuries, from the acclaimed author of *Empire's Crossroads* Because of our shared English language, as well as the celebrated origin tales of the Mayflower and the rebellion of the British colonies, the United States has prized its Anglo heritage above all others. However, as Carrie Gibson explains with great depth and clarity in *El Norte*, the nation has much older Spanish roots--ones that have long been unacknowledged or marginalized. The Hispanic past of the United States predates the arrival of the Pilgrims by a century, and has been every bit as important in shaping the nation as it exists today. *El Norte* chronicles the sweeping and dramatic history of Hispanic North America from the arrival of the Spanish in the early 16th century to the present--from Ponce de Leon's initial landing in Florida in 1513 to Spanish control of the vast Louisiana territory in 1762 to the Mexican-American War in 1846 and up to the more recent tragedy of post-hurricane Puerto Rico and the ongoing border acrimony with Mexico. Interwoven in this stirring narrative of events and people are cultural issues that have been there from the start but which are unresolved to this day: language, belonging, community, race, and nationality. Seeing them play out over centuries provides vital perspective at a time when it is urgently needed. In 1883, Walt Whitman meditated on his country's Spanish past: "We Americans have yet to really learn our own antecedents, and sort them, to unify them," predicting that "to that composite American identity of the future, Spanish character will supply some of the most needed parts." That future is here, and *El Norte*, a stirring and eventful history in its own right, will make a powerful impact on our national understanding.

[History of Latinos: Exploring Diverse Roots](#) Nov 04 2022 The first text of its kind to trace the combined history of Latino groups in the United States from 1500 to the present day. • Features a timetable of major events in Latina/o history • Emphasizes the bonds between different groups rather than their differences • Includes images and illustrations to reinforce learning • Connects the shared histories of various Latino communities

The Latino Experience in U.S. History Jan 02 2020 Designed to supplement any U.S. history course or serve as the core text for a Latino studies course, this textbook helps students tie together events in Spain, Latin America, and the U.S. Students hear and visualize the everyday struggles, frustrations, and triumphs of the Latino peoples. Reading Level: 6-7 Interest Level: 6-12

Dreams from Many Rivers Dec 01 2019 From award-winning poet Margarita Engle comes a new, illustrated middle grade verse history of Latinos in the United States, told through many voices. From Juana Briones and Juan Ponce de León, to eighteenth century slaves and modern-day sixth graders, the many and varied people depicted in this moving narrative speak to the experiences and contributions of Latinos throughout the history of the United States, from the earliest known stories up to present day. It's a portrait of a great, enormously varied, and enduring heritage. A compelling treatment of an important topic.

Making Hispanics Aug 09 2020 How did Puerto Ricans, Mexicans, and Cubans become known as "Hispanics" and "Latinos" in the United States? How did several distinct cultures and nationalities become portrayed as one? Cristina Mora answers both these questions and details the scope of this phenomenon in *Making Hispanics*. She uses an organizational lens and traces how activists, bureaucrats, and media executives in the 1970s and '80s created a new identity category—and by doing so, permanently changed the racial and political landscape of the nation. Some argue that these cultures are fundamentally similar and that the Spanish language is a natural basis for a unified Hispanic identity. But Mora shows very clearly that the idea of ethnic grouping was historically constructed and institutionalized in the United States. During the 1960 census, reports classified Latin American immigrants as "white," grouping them with European Americans. Not only was this decision controversial, but also Latino activists claimed that this classification hindered their ability to portray their constituents as underrepresented minorities. Therefore, they called for a separate classification: Hispanic. Once these populations could be quantified, businesses saw opportunities and the media responded. Spanish-language television began to expand its reach to serve the now large, and newly unified, Hispanic community with news and entertainment programming. Through archival research, oral histories, and interviews, Mora reveals the broad, national-level process that led to the emergence of Hispanicity in America.

[Everything You Need to Know about Latino History](#) Jan 14 2021 Provides a look at Latino culture and history, showing its many contributions to world culture and includes information on Latino immigration, the role of women, current events, and political, social, and economic trends.

[Tierra y Libertad](#) Mar 04 2020 One of the quintessential goals of the American Dream is to own land and a home, a place to raise one's family and prove one's prosperity. Particularly for immigrant families, home ownership is a way to assimilate into American culture and community. However, Latinos, who make up the country's largest minority population, have largely been unable to gain this level of inclusion. Instead, they are forced to cling to the fringes of property rights and ownership through overcrowded rentals, transitory living arrangements, and, at best, home acquisitions through subprime lenders. In *Tierra y Libertad*, Steven W. Bender traces the history of Latinos' struggle for adequate housing opportunities, from the nineteenth century to today's anti-immigrant policies and national mortgage crisis. Spanning southwest to northeast, rural to urban, Bender analyzes the legal hurdles that prevent better housing opportunities and offers ways to approach sweeping legal reform. *Tierra y Libertad* combines historical, cultural, legal, and personal perspectives to document the Latino community's ongoing struggle to make America home.

Our America: A Hispanic History of the United States Aug 01 2022 "A rich and moving chronicle for our very present." —Julio Ortega, *New York Times* Book Review The United States is still typically conceived of as an offshoot of England, with our history unfolding east to west beginning with the first English settlers in Jamestown. This view overlooks the significance of America's Hispanic past. With the profile of the United States increasingly Hispanic, the importance of recovering the Hispanic dimension to our national story has never been greater. This absorbing narrative begins with the explorers and conquistadores who planted Spain's first colonies in Puerto Rico, Florida, and the Southwest. Missionaries and rancheros carry Spain's expansive impulse into the late eighteenth century, settling California, mapping the American interior to the Rockies, and charting the Pacific coast. During the nineteenth century Anglo-America expands west under the banner of "Manifest Destiny" and consolidates control through war with Mexico. In the Hispanic resurgence that follows, it is the peoples of Latin America who overspread the continent, from the Hispanic heartland in the West to major cities such as Chicago, Miami, New York, and Boston. The United States clearly has a Hispanic present and future. And here is its Hispanic past, presented with characteristic insight and wit by one of our greatest historians.

Latina/o Studies Jun 06 2020 Who are Latinos? What's the difference between Hispanic and Latino - or indeed Latina, Latina/o, Latin@, Latinx? Beyond the political rhetoric and popular culture representations, how can we explore what it means to be part of the largest minority group in the United States? This compelling book acts as an illuminating primer introducing the multidisciplinary field of Latina/o Studies. Bringing together insights from a wide variety of communities, the book covers topics such as the history of Latinos in the United States, gender and sexuality, popular culture, immigration patterns, and social movements. Mize

traces the origins of the field from the history of Latin American revolutionary thought, through the Chicano and Puerto Rican movements, and key disruptions from Latina feminisms, queer studies, and critical race theory, right up to the latest developments and interventions. Combining analysis and advocacy, *Latina/o Studies* is an accessible yet theoretically sophisticated introduction to the communities charting the future of the United States of America and the Américas writ large.

The Story of Latinos and Education in American History Sep 09 2020 "Academic year 2014-15 marked the first year that public school enrollment (preK-12) became majority nonwhite, with the Hispanic/Latino as the largest minority. Significant population shifts have continued to occur, with Latinos now representing 1-in-4 (28%) public school students. Meanwhile, the public schools are in trouble, with international achievement reaching new lows and where progress for nearly two-thirds of all 4th and 8th graders stagnant and below proficiency levels, now decades old. According to the Nation's Report Card, students of color rank lowest, with Latinos and African Americans consistently at the bottom. To understand the history of Latinos in particular, Dr. Noboa-Ríos goes back to recreate the story. Here he relates the dark legacy before and after Plessy, but also upon examining post-Brown challenges that linger. Meanwhile, demography has shifted greatly and the future of the country is now greatly dependent on the academic success of Latino children. Different from the past, this population can no longer be ignored. This is dramatically different from former years, as it represents a new urgency for the nation, one that can no longer be ignored. As the story of education rapidly unfolds, America's challenge is now to ensure Latino students excel or the country is in peril. It is important to understand why and how this has occurred to ensure it is rectified for a better and more balanced future for the nation, not just the Latino population"--

Latino Americans Feb 12 2021 THE COMPANION BOOK TO THE PBS DOCUMENTARY SERIES *Latino Americans* chronicles the rich and varied history of Latinos, who have helped shape our nation and have become, with more than fifty million people, the largest minority in the United States. This companion to the landmark PBS miniseries vividly and candidly tells how the story of Latino Americans is the story of our country. Author and acclaimed journalist Ray Suarez explores the lives of Latino American men and women over a five-hundred-year span, encompassing an epic range of experiences from the early European settlements to Manifest Destiny; the Wild West to the Cold War; the Great Depression to globalization; and the Spanish-American War to the civil rights movement. *Latino Americans* shares the personal struggles and successes of immigrants, poets, soldiers, and many others—individuals who have made an impact on history, as well as those whose extraordinary lives shed light on the times in which they lived, and the legacy of this incredible American people.

Hispanic Periodicals in the United States, Origins to 1960 Oct 30 2019 By all accounts, the most important document for studying the history, literature, and culture of Hispanics in the United States has been Spanish-language newspapers. A noted cultural historian and a respected indexer-bibliographer have teamed up to provide the first comprehensive and authoritative source on the production, worldview, and distribution of these periodicals. This useful compendium includes richly annotated entries, notes, and three indexes: by subject, by date, and by geography. The bibliography includes some 1,700 entries in standard bibliographic annotation.

A World Not to Come Jun 30 2022 In 1808 Napoleon invaded Spain and deposed the king. Overnight, Hispanics were forced to confront modernity and look beyond monarchy and religion for new sources of authority. Coronado focuses on how Texas Mexicans used writing to remake the social fabric in the midst of war and how a Latino literary and intellectual life was born in the New World.

The Cambridge History of Latina/o American Literature Dec 13 2020 *The Cambridge History of Latina/o American Literature* emphasizes the importance of understanding Latina/o literature not simply as a US ethnic phenomenon but more broadly as an important element of a trans-American literary imagination. Engaging with the dynamics of migration, linguistic and cultural translation, and the uneven distribution of resources across the Americas that characterize Latina/o literature, the essays in this History provide a critical overview of key texts, authors, themes, and contexts as discussed by leading scholars in the field. This book demonstrates the relevance of Latina/o literature for a world defined by the migration of people, commodities, and cultural expressions.

Latinos in the End Zone Sep 29 2019 Here, Frederick Luis Aldama and Christopher González offer a thought-provoking conversation on the history of Latinos in the pro football leagues. As they weave their way through significant points where culture, politics, and history congeal (an early twentieth century era of Brown Color Lines, the Great Depression, WWII, birth of television, Civil Rights struggles, the twenty-first century Latino demographic explosion, among others), Aldama and González thread together an alpha-to-omega, all-encompassing story of Latinos in the NFL. They push hard at issues such as racial prejudice, including why Latinos have historically had to cross into the Canadian Leagues to prove themselves to white American officiators and the glaring omission of prominent Latino names honored within the hallowed interiors of the Pro Football Hall of Fame. Encyclopedic in scope and powerfully pointed in its analysis, they put the spotlight on the significant contribution made by Latinos in the history of pro football.

The Hispanics In The United States Oct 11 2020 Hispanic peoples are the fastest growing minority in the United States, yet the literature on Hispanics as a group is very sparse. This is the first large-scale survey to cover the history, politics, and culture of all major Hispanic groups (including Cubans, Mexicans, Puerto Ricans, and Chicanos) in the United States. The authors begin by examining the Spanish legacy of the Southwest, the beginnings of large-scale Mexican immigration into the borderlands after the turn of the century, socioeconomic changes brought about by World War I, and changes in the demographic composition of the nation as a result of later immigration. They next discuss in detail the national debate over immigration, asking, for example, whether immigrants compete for jobs and social services, whether the Immigration and Naturalization Service is capable of handling the flow of immigrants, and whether employer sanctions are just. They also describe the immigrants themselves—their educational levels, occupational backgrounds, and experiences in adapting to life in the United States—stressing the difference between the various groups in these areas. Finally, Drs. Gann and Duignan look at Hispanic culture, including politics, education, sports, and social problems. This pioneering study argues that immigration is a positive experience for both the newcomers and the local communities into which they settle.

Latino History and Culture Oct 03 2022 Latinos are the fastest growing population in America today. This two-volume encyclopedia traces the history of Latinos in the United States from colonial times to the present, focusing on their impact on the nation in its historical development and current culture. "Latino History and Culture" covers the myriad ethnic groups that make up the Latino population. It explores issues such as labor, legal and illegal immigration, traditional and immigrant culture, health, education, political activism, art, literature, and family, as well as historical events and developments. A-Z entries cover eras, individuals, organizations and institutions, critical events in U.S. history and the impact of the Latino population, communities and ethnic groups, and key cities and regions. Each entry includes cross references and bibliographic citations, and a comprehensive index and illustrations augment the text.

A History of Hispanic Theatre in the United States Nov 11 2020 Hispanic theatre flourished in the United States from the mid-nineteenth century until the beginning of the Second World War—a fact that few theatre historians know. *A History of Hispanic Theatre in the United States: Origins to 1940* is the very first study of this rich tradition, filled with details about plays, authors, artists, companies, houses, directors, and theatrical circuits. Sixteen years of research in public and private archives in the United States, Mexico, Spain, and Puerto Rico inform this study. In addition, Kanellos located former performers and playwrights, forgotten scripts, and old photographs to bring the life and vitality of live theatre to his text. He organizes the book around the cities where Hispanic theatre was particularly active, including Los Angeles, San Antonio, New York, and Tampa, as well as cities on the touring circuit, such as Laredo, El Paso, Tucson, and San Francisco. Kanellos charts the major achievements of Hispanic theatre in each city—playwriting in Los Angeles, vaudeville and tent theatre in San Antonio, Cuban/Spanish theatre in Tampa, and pan-Hispanism in New York—as well as the individual careers of several actors, writers, and directors. And he uncovers many gaps in the record—reminders that despite its popularity, Hispanic theatre was often undervalued and unrecorded.

Chicago Latinos at Work Jan 26 2022 The Latino community of Chicago is a rich ethnic tapestry, not a monolithic group. Latinos have had a presence in Chicago since the early 1900s and came seeking a better life for themselves and their children. As early as 1916, a sizable number of Mexicans settled in Chicago to plant roots and secure a foothold in the city's heavy industries. Puerto Ricans first came to the city in the late 1940s, their migration to the city peaking during the 1950s and 1960s. In subsequent decades, other Latino groups, like Cubans, Guatemalans, and Salvadorans, arrived and called Chicago their home. They too immigrated to Chicago seeking work. Since the 2000 U.S. census, there are now over one million Latinos in Chicago. Latinos undoubtedly shape the character of the city, including its politics, its neighborhoods, and its economy. *Chicago Latinos at Work* puts a face on the Latino worker in Chicago. It shows many of the jobs they have held in the past and continue to hold in the present.

Latinos in U.S. Sport Sep 21 2021 *Latinos in U.S. Sport* presents a long-overdue look at the history of Latino participation in multiple facets of American sport and provides a balanced history of the contribution of Spanish-speaking people to the world of U.S. sport.

Memories of Chicano History Jun 18 2021 Who is Bert Corona? Though not readily identified by most Americans, nor indeed by many Mexican Americans, Corona is a man of enormous political commitment whose activism has spanned much of this century. Now his voice can be heard by the wide audience it deserves. In this landmark publication—the first autobiography by a major figure in Chicano history—Bert Corona relates his life story. Corona was born in El Paso in 1918. Inspired by his parents' participation in the Mexican Revolution, he dedicated his life to fighting economic and social injustice. An early labor organizer among ethnic communities in southern California, Corona has agitated for labor and civil rights since the 1940s. His efforts continue today in campaigns to organize undocumented immigrants. This book evolved from a three-year oral history project between Bert Corona and historian Mario T. García. The result is a testimonio, a collaborative autobiography in which historical memories are preserved more through oral traditions than through written documents. Corona's story represents a collective memory of the Mexican-American community's struggle against discrimination and racism. His narration and García's analysis together provide a journey into the Mexican-American world. Bert Corona's reflections offer us an invaluable glimpse at the lifework of a major grass-roots American leader. His story is further enriched by biographical sketches of others whose names have been little recorded during six decades of American labor history.

Latinos in Michigan May 30 2022 The history of Latinos in Michigan is one of cultural diversity, institutional formation, and an ongoing search for leadership in the midst of unique, often intractable circumstances. Latinos have shared a vision of the American Dream--made all the more difficult by the contemporary challenge of cultural assimilation. The complexity of their local struggles, moreover, reflects far-reaching developments on the national stage, and suggests the outlines of a common identity. While facing adversity as rural and urban immigrants, exiles, and citizens, Latinos have contributed culturally, economically, and socially to many important developments in Michigan's history.

[A History of Afro-Hispanic Language](#) Apr 04 2020 The African slave trade, beginning in the fifteenth century, brought African languages into contact with Spanish and Portuguese, resulting in the Africans' gradual acquisition of these languages. In this 2004 book, John Lipski describes the major forms of Afro-Hispanic language found in the Iberian Peninsula and Latin America over the last 500 years. As well as discussing pronunciation, morphology and syntax, he separates legitimate forms of Afro-Hispanic expression from those that result from racist stereotyping, to assess how contact with the African diaspora has had a permanent impact on contemporary Spanish. A principal issue is the possibility that Spanish, in contact with speakers of African languages, may have creolized and restructured - in the Caribbean and perhaps elsewhere - permanently affecting regional and social varieties of Spanish today. The book is accompanied by the largest known anthology of primary Afro-Hispanic texts from Iberia, Latin America, and former Afro-Hispanic contacts in Africa and Asia.

[Latinos](#) Aug 21 2021 Focusing on the fastest growing minority in the United States, a chronicle of Latino history explores the origins of these people among native Americans, their persecution at the hands of the Spaniards, and modern inroads into American society. 20,000 first printing.

Queer Latino San Francisco Mar 16 2021 This book is the culmination of a decade's worth of oral history and archival research, an ethnographic historical study of the formation and partial destruction of queer Latina and Latino community life in San Francisco for about four decades. Informed by LGBT historical scholarship and queer studies, oral history theory and methodology, and Latina and Latino scholarship on gender, sexuality, and community life, *Memories of Desire* documents and analyses a community of LGBT Latinas and Latinos heretofore unrecognized, a history undocumented in LGBT and Latino archives, and rarely remembered as part of either Latino or LGBT history. By examining both community and neighborhood in the public manifestations of queer Latino desires, the book traces the lives and memories of sixty narrators as they worked to build what Latino scholars have referred to as cultural citizenship, but also informed by writing on sexual citizenship and the body. Bridging oral history, LGBT history, and Latino history, the book additionally looks at how the sexuality of migration - through the lives of queer border crossers - and informs what is assumed to be a national heterosexual U.S. history of the largest growing racial ethnic "minority" in the country. As such it is a book about San Francisco, but also from San Francisco about California, the U.S., Latinas and Latinos, and queer migrations into the nation.

Inventing Latinos Oct 23 2021 Named One of the Best Books of the Year by NPR A timely and groundbreaking argument that all Americans must grapple with Latinos' dynamic racial identity—because it impacts everything we think we know about race in America Who are Latinos and where do they fit in America's racial order? In this "timely and important examination of Latinx identity" (Ms.), Laura E. Gómez, a leading critical race scholar, argues that it is only recently that Mexican Americans, Puerto Ricans, Cubans, Dominicans, Central Americans, and others are seeing themselves (and being seen by others) under the banner of a cohesive racial identity. And the catalyst for this emergent identity, she argues, has been the ferocity of anti-Latino racism. In what Booklist calls "an incisive study of history, complex interrogation of racial construction, and sophisticated legal argument," Gómez "packs a knockout punch" (Publishers Weekly), illuminating for readers the fascinating race-making, unmaking, and re-making processes that Latinos have undergone over time, indelibly changing the way race functions in this country. Building on the "insightful and well-researched" (Kirkus Reviews) material of the original, the paperback features a new afterword in which the author analyzes results of the 2020 Census, providing brilliant, timely insight about how Latinos have come to self-identify.

[Nuestra América](#) Feb 24 2022 Celebrate 30 influential Latinas/Latinos/Latinxs in U.S. history with *Nuestra América*, a fully-illustrated anthology from the Smithsonian Latino Center. *Nuestra América* highlights the inspiring stories of thirty Latina/o/xs throughout history and their incredible contributions to the cultural, social, and political character of the United States. The stories in this book cover each figure's cultural background, childhood, and the challenges and opportunities they met in pursuit of their goals. A glossary of terms and discussion question-filled reading guide, created by the Smithsonian Latino Center, encourage further research and exploration. Twenty-three of the stories featured in this anthology will also be included in the future Molina Family Latino Gallery, the first national gallery dedicated to Latina/o/xs at the Smithsonian. This book is a must-have for teachers looking to create a more inclusive curriculum, Latina/o/x youth who need to see themselves represented as an important part of the American story, and all parents who want their kids to have a better understanding of American history. Featuring beautiful portraits by Gloria Félix, this is a book that children (and adults) will page through and learn from again and again. *Nuestra América* profiles the following notable figures: Sylvia Acevedo, Luis Álvarez, Pura Belpré, Martha E. Bernal, Julia de Burgos, César Chávez, Sandra Cisneros, Roberto Clemente, Celia Cruz, Olga E. Custodio, Óscar de la Renta, Jaime Escalante, Macario García, Emma González, Laurie Hernández, Juan Felipe Herrera, Dolores Huerta, Jennifer Lopez, Xiuhtezcatl Martínez, Sylvia Méndez, Lin-Manuel Miranda, C. David Molina, Rita Moreno, Ellen Ochoa, Jorge Ramos, Sylvia Rivera, María Elena Salinas, Sonia Sotomayor, Dara Torres, and Robert Unanue.

[Latino TV](#) Feb 01 2020 "This book surveys the history of Latina and Latino depictions, narratives, and authorship in U.S. English-language television since the 1950s, with a focus on the navigations and impact of

Latina/o series writers and creators as they have been able to enter the industrial landscape in recent decades. Based on archival research, interviews with dozens of media professionals who worked on or performed in these series, textual analysis of available episodes and promotional materials, and analysis of news media coverage, the chapters examine Latina/o representation in children's television Westerns in the 1950s, in Chicana/o and Puerto Rican activist-led public affairs series in the 1970s, in sitcoms from the 1970s through the 2010s, including many considered "failed," and in Latina and Latino-led series in the 2000s and 2010s on broadcast, cable, and streaming outlets, including *George Lopez*, *Ugly Betty*, *One Day at a Time*, and *Vida*. These series and their creators and writers are explored in relation to the social and political contexts of these junctures in U.S. and Latina/o history and to the evolving industry with respect to whether Latina/o creatives were allowed entrée and to the cultural climate for writers and other creative professionals working in television development and production. As such, it also highlights how television has been key to both the marginalization and to the incremental growth of Latina/o cultural citizenship in the United States, as well as how Latina/o creative professionals are gaining numbers and agency within the television industry and are continuing to push to be able to produce and share their stories"--
