Ediz. a Colori Solar System. Nature Pop-up! Ediz. a Colori

Soup cans, Marilyn, Warhol, serial production, large-format comic-like images--Pop Art is probably the only art genre for which everyone has a rough concept. Pop Art made art mainstream by taking everyday culture as its theme and finding its motifs in the cult of celebrity, consumerism, and mass media. This updated and expanded edition traces the origins of Pop Art and introduces its most prominent exponents alongside their key works. About the series TASCHEN turns 40 this year! Since we started our work as cultural archaeologists in 1980, TASCHEN has become synonymous with accessible publishing, helping bookworms around the world curate their own library of art, anthropology, and aphrodisia at an unbeatable price. In 2020, we celebrate 40 years of incredible books by staying true to our company credo. The 40 series presents new editions of some of the stars of our program--now more compact, friendly in price, and still realized with the same commitment to impeccable production.
