Get Started in Creative Writing will help writers at the very beginning of their creative journey to gain confidence and find inspiration, and then support you in the completion of your first pieces of creative writing - a short story, a poem, a draft of a novel or screenplay. Each chapter includes a central writing exercise and four shorter ones, while key quotes, key ideas and focus points will be clearly signposted and will summarise important concepts and advice. At the heart of each chapter is a 'Workshop'. The Workshop is a key exercise, in which you will gain a deeper insight into the craft of writing. In addition to coverage of all the key genres and their conventions, this new edition includes an expanded section on self- and digital publishing, to reflect recent advances in technology and the wide variety of digital platforms now available for the distribution of creative writing. There will be a section on the latest trend of creative journalling, and insight into how to tap the potential of the Internet to be the world's largest creative writing workshop. What are you waiting for? This book has all you need to get started! Educate yourself on the pros and cons of globalization The next leap forward in mankind's socioeconomic evolution, or a scam perpetrated by evil transnational corporations to bust unions and impoverish the masses? Either way, globalization is here to stay, and if you want to make sense of today's headlines you need to have a firm grasp of the phenomenon. Packed with helpful real-life examples, Teach Yourself Globalization provides you with a penetrating and unvarnished look at globalization--the forces driving it and the world it's shaping. First published in 1991. The experiential base from which this book is written the author's seminar for psychiatric residents which emphasizes that self-disclosure with colleagues is an important aspect of becoming a therapist. The ability to look at and listen to one's own work along with one's peers is important in the maturation process. In order to construct a context in which it is possible to learn from each other, I share many of my own psychotherapeutic experiences. More than this,

however, Lewis shares personal experiences when they seem appropriate to the teaching-learning process. Are you looking for an improver's course in Italian which will make you sound like a native? If you already know some Italian and want to take it further, Perfect your Italian will guarantee success! Taking you from a good GCSE level (level B2 of the Common European Framework), this course teaches you advanced structures and vocabulary so that by the end of the course you will be at GCE Advanced Level, CEF level C1: Can express him/herself fluently and spontaneously without much obvious searching for expressions. Can use language flexibly and effectively for social, academic and professional purposes. Full of authentic texts and dialogues about complex subjects, this course covers a wide range of topics of the sort you will want to talk about when in Italy and teaches you the kind of everyday language and features of speech that will enable you to communicate with confidence and feel comfortable taking part in conversation with native speakers of Italy. The choice of material aims to give you something of the flavour of Italy today and each unit is based around a single theme with lively interviews and conversations on the accompanying recording. There are activities based on the interviews and texts to help you remember what you've learnt and put your knowledge into practice. The units are divided into sessions - to help you organize your learning time and break up the material into manageable chunks - and there are reminders throughout to refresh your memory of points you have learnt. Now fully updated to make your language learning experience fun and interactive. You can still rely on the benefits of a top language teacher and our years of teaching experience, but now with added learning features within the course and online. Learn effortlessly with new, easy-to-read page design and interactive features:

NOT GOT MUCH TIME? One, five and ten-minute introductions to key principles to get you started. AUTHOR INSIGHTS Lots of instant help with common problems and quick tips for

success, based on the author's many years of experience. GRAMMAR TIPS Easy-to-follow building blocks to give you a clear understanding. EXTEND YOUR KNOWLEDGE Extra online articles at: www.teachyourself.com to give you a richer understanding of the culture and history of Italy. TRY THIS Innovative exercises illustrate what you've learnt and how to use it. Entering the teaching profession in the twenty-first century comes with many challenges and even more opportunities to meet the learning needs of Australian students. Learning to Teach in a New Era provides a fundamental introduction to educational practice for early childhood, primary and secondary preservice teachers. Closely aligned with the Australian Curriculum and the Australian Professional Standards for Teachers, this text builds on foundational knowledge and provides guidance on professional development throughout your career in education. Organised in three sections – professional knowledge, professional practice and professional engagement – and thoroughly updated, this text introduces educational policy and the legal dimensions of education; encourages the development of practical skills in pedagogy, planning, assessment, digital technologies and classroom management; and supports effective communication and ethical practice. This edition features a new chapter exploring Aboriginal and Torres Strait Islander ways of knowing, being and doing, enabling teachers to create respectful and culturally responsive classrooms. Coaching, training, mentoring and development are all about helping staff to learn, whether it is new knowledge, skills or adapting to the cultural attitudes of the organization. This book critically analyzes the methods and instruments available for those who want to learn and those who want to encourage their employees to learn. It avoids jargon and aims to make the theory

and practice of learning more easily understood and therefore accomplished. Are you looking for a complete course in Brazilian Portuguese which takes you effortlessly from beginner to confident speaker? Whether you are starting from scratch, or are just out of practice, Complete Brazilian Portuguese will guarantee success! Now fully updated to make your language learning experience fun and interactive. You can still rely on the benefits of a top language teacher and our years of teaching experience, but now with added learning features within the course and online. The course is structured in thematic units and the emphasis is placed on communication, so that you effortlessly progress from introducing yourself and dealing with everyday situations, to using the phone and talking about work. By the end of this course, you will be at Level B2 of the Common European Framework for Languages: Can interact with a degree of fluency and spontaneity that makes regular interaction with native speakers quite possible without strain for either party. Learn effortlessly with a new easy-to-read page design and interactive features: NOT GOT MUCH TIME? One, five and ten-minute introductions to key principles to get you started. separately (ISBN: 9781444104172) (copy and paste the ISBN number into the search bar to find these products) Learn to play bass and open up a brand new world of musical knowledge with this exciting method from Alfred. Beginners of all ages can start their journey to a lifetime of musical enjoyment. Beginning with the fundamentals, you will learn about buying a bass guitar, tuning and holding it, fingering and picking styles and getting acquainted with standard musical notation and tablature. You will then move right along to playing different notes, scales, and bass lines, lesson by lesson, all while continuing to increase your knowledge of reading and understanding standard musical notation and TAB. You will learn to play in an array of musical styles, including Rock, Heavy Metal, Blues, Country, and Jazz. Near the end of the book you will be introduced to the concept of playing from chord sheets, which will assist you in coloring your and others' musical creations with your own unique, rockin' style. Upon completion of this book, you will be able to play from popular bass TAB folios and be ready to play in a band. The book features the following resources for reference during and after your lessons: * TAB licks and bass lines * Bass fingerboard chart * Complete chord chart * Photos showing hand positions and more Be your own teacher, and let Alfred be your resource every step of the way. Teach Yourself to Play Blues at the Keyboard will have you playing the authentic sounds of the blues right from the beginning. It can be used with acoustic piano or electronic keyboard and teaches basic techniques and blues scales. Are you looking for an improver's course in Spanish which will make you sound like a native? This

book constitutes the refereed proceedings of the 7th European Lean Educator Conference ELEC 2021, hosted in Trondheim, Norway, in October 2021 and sponsored by IFIP WG 5.7. The conference was held virtually. The 42 full papers presented were carefully reviewed and selected from 82 submissions. They are organized in the following thematic sections: Learning Lean; Teaching Lean in the Digital Era; Lean and Digital; Lean 4.0; Lean Management; Lean Coaching and Mentoring; Skills and Knowledge Management; Productivity and Performance Improvement; New Perspectives of Lean. A surprisingly simple way for students to master any subject--based on one of the world's most popular online courses and the bestselling book *A Mind for Numbers* and its wildly popular online companion course "Learning How to Learn" have empowered more than two million learners of all ages from around the world to master subjects that they once struggled with. Fans often wish they'd discovered these learning strategies earlier and ask how they can help their kids master these skills as well. Now in this new book for kids and teens, the authors reveal how to make the most of time spent studying. We all have the tools to learn what might not seem to come naturally to us at first--the secret is to understand how the brain works so we can unlock its power. This book explains:

- Why sometimes letting your mind wander is an important part of the learning process
- How to avoid "rut think" in order to think outside the box
- Why having a poor memory can be a good thing
- The value of metaphors in developing understanding
- A simple, yet powerful, way to stop procrastinating

Filled with illustrations, application questions, and exercises, this book makes learning easy and fun. One day in 1698, Robert Pyle of Pennsylvania decided to buy a black slave. The next night he dreamed of a steep ladder to heaven that he felt he could not climb because he carried a black pot. In the dream, a man told him the ladder was the light of Jesus Christ and would bear any whose faith held strong; otherwise, the climber would fall. Pyle woke that morning

positive that he should eschew slaves and slavery, having equated the pot with the slave he wished to buy. In fact, so acutely did this dream awaken him to his sins that he became a dynamic advocate of liberation. This dream literally changed his outlook and his life. Teach Me Dreams delves into the dream world of ordinary Americans and finds that as their self-perception increased, transforming them on a personal level, so did a revolutionary spirit that wrought momentous political changes. Mechal Sobel considers dreams recorded in the life narratives of 100 people, revealing the America of the Revolutionary Era to have been a truly dream-infused culture in which analysis of dreams was encouraged, and subsequent personal reevaluation was striking. Sobel uses a wealth of information--letters, diaries, and over 200 published autobiographies from a wide range of "ordinary" people; black, white, male, female. In these accounts, many previously neglected by historians, dreamers explain how their nighttime adventures opened their eyes to aspects of themselves, or unveiled new paths they should take both personally and politically. Such paths often led them to challenge those in power. Charting the widely dreamed of opposition between blacks and whites, men and women, Sobel offers astounding new insights into how early Americans understood their lives. Her analysis of the dreams and lives of ordinary Revolutionary-Era people demonstrates links between dreaming, self reevaluation, and participation in the radically changing politics of the time. This book will appeal to specialists in the fields of American and African-American history, and anyone interested in dreams and self-development. Is this the right course for me? Essential Spanish Grammar will help you get more out of your study of Spanish. Essential Spanish Grammar is an up-to-date introduction to Spanish grammar. You don't need to know a lot about grammar before you start. Everything is explained simply and there are lots of examples to illustrate each point. Unlike more traditional grammars, Essential Spanish Grammar is structured so that you can look up language

forms according to what you want to say, even if you don't know the grammatical term for them. If you already know some grammar, then you can use the 'reference grammar' section at the back of the book to look up the points you need. The course consists of 23 units illustrating the various uses to which the language can be put, for example, giving instructions or talking about the recent past. The more traditional reference grammar deals with grammatical structures, such as the imperative or the perfect tense. All grammatical terms are explained in the glossary at the back of the book. Each unit contains exercises for you to practise what you have learnt and there is a key at the back of the book for you to check your answers. The new page design in this edition means that the book is even easier to use and the main headings are in English so that you can find your way around the book quickly. This edition contains a 'taking it further' section which will direct you to further sources of real Spanish. Essential Spanish Grammar will help you to understand and manipulate Spanish grammar with confidence because: - you need no prior knowledge of grammatical terminology to use it; - the approach is accessible and supportive; - the examples are clear and in context; - exercises help you practise every point. Learn effortlessly with a new, easy-to-follow page design and interactive features: Not got much time? One, five and ten-minute introductions to key principles to get you started. Author insights Lots of instant help with common problems and quick tips for success, based on the author's many years of experience. Useful vocabulary Easy to find and learn, to build a solid foundation for speaking. End-of-unit summaries and online tests Summaries and tests to help you keep track of your progress. Extend your knowledge Extra online articles to give you a richer understanding of the culture and history of Spain. Five things to remember Quick refreshers to help you remember the key facts. Try this Innovative exercises illustrate what you've learnt and how to use it. In the last two decades, both the conception and the practice of participatory culture have been transformed by the new affordances enabled by digital, networked, and mobile technologies. This exciting new book explores that transformation by bringing together three leading figures in conversation. Jenkins, Ito and boyd examine the ways in which our personal and professional lives are shaped by experiences interacting with and around emerging media. Stressing the social and cultural contexts of participation, the authors describe the process of diversification and mainstreaming that has transformed participatory culture. They advocate a move beyond individualized personal expression and argue for an ethos of "doing it together" in addition to "doing it yourself." Participatory Culture in a Networked Era will interest students and scholars of digital media and their impact on society and will engage readers in a broader dialogue and conversation about their own participatory practices in this digital age. This landmark text was one of the first to introduce and analyze contemporary concepts of curriculum that emerged from the Reconceptualization of curriculum studies in the 1970s and 1980s. This new edition brings readers up to date on the major research themes (postmodernism, ecological, hermeneutics, aesthetics and arts-based research, race, class,

gender, sexuality, and classroom practices) within the historical development of the field from the 1950s to the present. Like the previous editions, it is unique in providing a comprehensive overview in a relatively short and highly accessible text. Provocative and powerful narratives (both biography and autoethnography) throughout invite readers to engage the complex theories in a personal conversation. School-based examples allow readers to make connections to schools and society, teacher education, and professional development of teachers. Changes in the Third Edition New Glossary - brief summaries in the text direct readers to the Companion Website to read the entire entries New analysis of the current accountability movement in schools including the charter school movement. More international references clearly connected to international contexts More narratives invite readers to engage the complex theories in a personal conversation Companion Website-new for this edition COMMUNICATION NETWORKS AND SERVICE MANAGEMENT IN THE ERA OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING Discover the impact that new technologies are having on communication systems with this up-to-date and one-stop resource Communication Networks and Service Management in the Era of Artificial Intelligence and Machine Learning delivers a comprehensive overview of the impact of artificial intelligence (AI) and machine learning (ML) on service and network management. Beginning with a fulsome description of ML and AI, the book moves on to discuss management models, architectures, and frameworks. The authors also explore how AI and ML can be used in service management functions like the generation of workload profiles, service provisioning, and more. The book includes a handpicked selection of applications and case studies, as well as a treatment of emerging technologies the authors predict could have a significant impact on network and service management in the future. Statistical analysis and data mining are also discussed, particularly with respect to how they allow for an

improvement of the management and security of IT systems and networks. Readers will also enjoy topics like: A thorough introduction to network and service management, machine learning, and artificial intelligence An exploration of artificial intelligence and machine learning for management models, including autonomic management, policy-based management, intent based management, and network virtualization-based management Discussions of AI and ML for architectures and frameworks, including cloud systems, software defined networks, 5G and 6G networks, and Edge/Fog networks An examination of AI and ML for service management, including the automatic generation of workload profiles using unsupervised learning Perfect for information and communications technology educators, Communication Networks and Service Management in the Era of Artificial Intelligence and Machine Learning will also earn a place in the libraries of engineers and professionals who seek a structured reference on how the emergence of artificial intelligence and machine learning techniques is affecting service and network management. Stanford mathematician and NPR Math Guy Keith Devlin explains why, fun aside, video games are the ideal medium to teach middle-school math. Aimed primarily at teachers and education researchers, but also of interest to game developers who want to produce videogames for mathematics education, Mathematics Education for a New Era: Video Games as a Medium for Learning describes exactly what is involved in designing and producing successful math educational videogames that foster the innovative mathematical thinking skills necessary for success in a global economy. Read the author's monthly MAA column Devlin's Angle Teach Yourself to Play Jazz at the Keyboard will have you playing the authentic sounds of jazz right from the beginning. By following the step-by-step set of instructions, you will learn all about jazz and blues scales. As you progress, you will be performing proper jazz accents and riffs with the right hand, and jazz chords and progressions, walking bass,

boogie and Latin-inspired patterns with the left. Complete Spanish is a comprehensive language course that takes you from beginner to intermediate level. This ebook just features text. This edited volume examines the implications of COVID-19 on distance and online learning, discussing how the move to online teaching and learning modes proved to be a source of immense institutional, organizational, and educational challenges. With chapters grounded in theoretical and methodological approaches pertinent to education and pedagogy, the book explores the relevance of theory to the educational situation brought about by the pandemic and highlights the specific issues and challenges that distance learning has to account for in crisis situations. Key topics discussed include innovations and best practices in online learning, research, and management; developments in computer-supported collaborative learning, training, and research; the use of intelligent tutoring and mentoring systems in times of crisis; the role of university leadership and users' perceptions and attitudes to online teaching and learning. The book offers fresh insights into the specificity of distance learning in a

pandemic and its effects in established working patterns. It will be highly relevant reading for academics, researchers, and post-graduate students in the fields of online learning, distance learning, educational technology, and pedagogy, as well as university administrators and those directly involved in online teaching. Original. (Beginner). Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. ¿Has estado estudiando inglés durante mucho tiempo pero te da la impresión de que todavía no entiendes con claridad a la gente inglesa? O, lo que es peor, ¿no consigues hacer que te entiendan? Se trata de un problema muy común entre los hispanohablantes que han invertido

muchos años de su vida en clases de inglés, logrando alcanzar un excelente nivel de vocabulario y gramática, y todavía con grandes dificultades a la hora de comunicarse oralmente. La mayoría de esos problemas podrían resolverse si los hispanohablantes hubiesen prestado más atención al aspecto de la pronunciación, teniendo en cuenta que es el área en la que más difieren el inglés y el español. Este libro está pensado para ayudar a resolver esos problemas de comunicación en inglés, presentando las cuestiones más relevantes de la pronunciación inglesa y comparándolas con aquellas de la pronunciación española. No sólo abarca las vocales y las consonantes, si no también otros aspectos como el ritmo, la entonación, o la colocación del acento. El libro viene acompañado de un CD-ROM con material de audio y ejercicios interactivos. An unmissable collection of eight unconventional and captivating short stories for young adult and adult learners of Italian. Olly's top-notch language-learning insights are right in line with the best of what we know from neuroscience and cognitive psychology about how to learn effectively. I love his work - and you will too! - Barbara Oakley, PhD, Author of New York Times bestseller A Mind for Numbers Short Stories in Italian for Beginners, Volume 2 has been written specifically for students from a high-beginner to intermediate level, designed to give a sense of achievement, and most importantly - enjoyment! Mapped to A2-B2 of the Common European Framework of Reference, these eight captivating stories will both entertain you, and give you a feeling of progress when reading. What does this book give you? · Eight stories in a variety of exciting genres, from science fiction and crime to history and thriller - making reading fun, while you learn a wide range of new vocabulary · Controlled language at your level to help you progress confidently · Realistic spoken dialogues to help you learn conversational expressions and improve your speaking ability · Beautiful illustrations accompanying each story, to set the scene and support your understanding · Accessible grammar so you learn new structures

naturally, in a stress-free way · Pleasure! Research shows that if you're enjoying reading in a foreign language, you won't experience the usual feelings of frustration - 'It's too hard!' 'I don't understand!' Understand Scottish History: Teach Yourself is a comprehensive guide to the exciting story of this nation, from pre-history right through to the present day. With the question of Scottish independence once again on the agenda, this book will allow you to trace the events, both peaceful and bloody, that have brought the country to this point. Tracing events from the pre-history of the land and the coming of the Scots to the rise of the Scottish National Party, it provides an informative and accessible introduction to Scotland's history. Whether it is the Jacobite Rebellion, the advances of the Scottish Enlightenment or its role in WWI and WWII, this is the perfect place to start. Is this the right course

for me? Essential Italian Verbs is the course for you if you need help with your study of Italian. This fully revised edition of our best-selling course now comes with free downloadable audio support containing hints on how to learn verbs effectively.
