Is this the way love is supposed to feel? • Does the man you love assume the right to control how you live and behave? • Have you given up important activities or people to keep him happy? • Is he extremely jealous and possessive? • Does he switch from charm to anger without warning? • Does he belittle your opinions, your feelings, or your accomplishments? • Does he withdraw love, money, approval, or sex to punish you? • Does he blame you for everything that goes wrong in the relationship? • Do you find yourself “walking on eggs” and apologizing all the time? If the questions here reveal a familiar pattern, you may be in love with a misogynist — a man who loves you, yet causes you tremendous pain because he acts as if he hates you. In this superb self-help guide, Dr. Susan Forward draws on case histories and the voices of men and women trapped in these negative relationships to help you understand your man’s destructive pattern and the part you play in it. She shows how to break the pattern, heal the hurt, regain your self-respect, and either rebuild your relationship or find the courage to love a truly loving man. “Forget what you think you know about dating—sexologist Shan Boodram is here to take you back to school.” - Apple Books Review

gain control and confidence in your love lives and find the relationship you want with this modern, life-changing guide from the certified sex educator, intimacy expert, and YouTube personality. For younger generations, dating is a complicated mystery. Apps like Tinder and Bumble are supposed to foster connection, but instead serve as a reminder of how painfully single we are. Certified sexologist and intimacy coach Shan Boodram—the most sought-after sex educator on the internet—is about to change all that. In this essential how-to guide, she addresses the realities of life today—when the rules of love and attraction are fluid—and teaches a group of young women how to become master daters in just sixty days. It starts with you. Shan makes clear that love and self-discovery go hand in hand—your dating life is just as much about you as it is about other people. She challenges you to look inside yourself for what you want out of a partner, a relationship and, most important, yourself. Once you figure out what you want from dating, she shows you exactly how to get it. *The Game of Desire* empowers you to take the lead, learn your strengths, and identify and correct your weaknesses, all the while getting inspired watching a group of women learn how to succeed in today's dating pool. While many books tell women why they can't get a date, Shan teaches you the skills and techniques necessary to take charge in today's competitive and often confusing dating scene, providing the tools essential to attract—and retain—the

partner(s) you want. From learning love languages to debunking dating myths, she helps women build knowledge and confidence. Featuring conversational case studies, comprehensive facts about the psychology of sex and romance, and expert insight into sex culture, and written with her trademark humor and charm, *The Game of Desire* is a must for all of Shan's fans and for every woman struggling to feel loved and desired. Once the intense excitement of a new relationship starts to fade, you may think your only options are to somehow recapture that early magic or settle for a less than fulfilling love life. Now love, sex, and relationship expert Laura Berman, Ph.D., taps the

latest scientific and metaphysical research to offer an inspiring alternative: a higher level of love beckoning you to move forward, not backward. Using the essential truth we've learned from the study of quantum physics—the fact that at our molecular core, each of us is simply a vessel of energy—Dr. Berman explains how you can use what's happening in your inner world to create a level of passion, connection, and bliss in your relationship that you've never imagined possible. Drawing on her clinical practice and case studies as well as her personal journey, she guides you to:

- Plot your unique energetic frequency of love with her Quantum Lovemap
- Work consciously with the energy of your body, heart, and mind
- Make four key commitments designed to raise your energetic profile
- Bring your frequency into harmony with your partner's so that you can grow together
- Learn how to have Quantum Sex (which is every bit as good as it sounds)

Quantum Love is the best possible experience of love, and it's available to absolutely everyone, whether you're seeking a mate, in a relationship that's struggling, or just finding that love has turned lackluster through the stresses of life. You can't go back to the honeymoon phase, but there is something so much better within your reach. Quantum Love lets you reach new heights of intimacy as you gain a fuller sense of purpose in life and love. The exact definition of a love spell is a magical formula that has been specifically created to discover, draw, bond, attract, or even induce

love. These spells are not the same as sex magic, sometimes known as "magick." Love spells specifically are meant to attract or create love, although sex magic, on the other hand, sometimes uses sexual feelings and love to achieve outcomes that are either directly or indirectly related to love. For instance, Tantric magick relates to the enlightened state and strives to achieve the union with a god. Love spells, on the other hand, focus more on manipulating a person's feelings for another person. Do you know what true love is? Have you ever found true love? For some, these questions are quite hard to answer. True love is not easily found and felt. It comes in various types. Like others, you can say that you are loved if your family shows their affection to you. You may also feel the same way if you are attracted to the opposite sex. It protects, nurtures, endures and brings people together. It also sets people free and finds life, honour and prosperity. Love can be just like a sense of what heaven will be like. However, love is not just what makes the world go round. It is also what makes the ride so worthwhile. So, whenever you utter the words "I Love You", always ensure that you really mean it. It means that once you love someone, you have to give everything for him or her. At present, finding true love is quite tough. Love will push your buttons and test your limits. But, it can be

the only thing worth living for. Whether you are young or old, you can find true love. So, how can you do it? To find true love, you need to consider various things. You have to understand first yourself and know what really makes you happy. Since love is the root of real happiness and success, you have to understand how to find true love. You should also know the different facts about this broad term. The main question is: Is true love easy to find? Like others, can you find the real love you are looking for? To know more about true love, this book will serve as your guide. This can help you explain the fundamental principles to the secrets facts about true love. “One of the 33 books everyone should reading before turning 30.” — The Independent “I am not the hero in this story . . . I am the villain.” In this highly acclaimed and revelatory classic, New York Times and Rolling Stone journalist Neil Strauss embarks on a deeply personal quest to discover why the rate of infidelity, divorce, and marital unhappiness is so high – and what we can do about it. In this quest to heal his intimacy issues, he explores love addiction and love avoidance; sex addiction and sex anorexia; enmeshment and abandonment; and, most importantly, why so many people attract the partners most likely to wound them. What he discovers about himself—and what you will discover about yourself and your partners from reading this—will change the way you date, love, and commit. There is a wealth of information available

if you are looking for a lover, partner or soul mate or if you want to improve your current relationship. Likewise there is a wealth of information on the subject of feng shui. However, there is very little information available that combines both subjects and mostly it's generic, applying to the average person rather than you. The Feng Shui Guide to Love, Sex & Relationships is not generic. It does not tell you what you should be doing, saying, thinking or feeling. Neither is it a 'How to Date' book. Instead it takes the fundamental principles of feng shui and shows you how to apply them to you and your environment. The Feng Shui Guide to Love, Sex & Relationships shows you how to:

- Understand yourself and your environment energetically
- Be authentic to your true nature and attract the right people into your life
- Enhance the energy in your environment that supports intimate relationships
- Understand why you are attracting your current relationship, or lack of one
- Communicate accurately with yourself and others
- Maximise your ability to have a satisfying and meaningful relationship that is right for you

The Feng Shui Guide to Love, Sex & Relationships is for single people who want to find that special someone or anybody who wants to improve their current relationship. Regardless of age, gender or sexual orientation, it is a book for those who want to love and be loved. This book is a short collection of Santa Muerte petitions designed to help you attract love, lust, and sex. From a simple date with a specific person, to

a string of one night stands you hope to never see again, this book features the petitions and prayers you need to ask Santa Muerte for help. Santa Muerte, whose name in English means Holy Death, is believed by many to be death itself, and as such has the power to bring death to whatever barriers stand in the way of the things we want. Since death accepts us all, we are all free to petition Santa Muerte, and also are we free to make any request without fear of judgment or reprisal.

ALL YOU NEED IS LOVE. . . AND LOTS OF LUST

Want A Lasting Relationship Or A One Night Stand?

Love and Lust are two of the most powerful states of being that you will ever experience in your adult life. These two emotions - together or separately - can be the cause of abundant happiness or abject despair, and you must be successful at both in order to live out a well-balanced existence. Wine, flowers and chocolate may add to the atmosphere of meeting someone new, but a dash of the metaphysical will propel you further along the path to sexual commitment. The author of this book, Maria D' Andrea, one of the top occult visionaries sharing her knowledge with devotees worldwide, wants to help you make the right Love Connection and enable yourself to become more alluring to those from whom you are seeking affection. This study guide is NOT the black magic of wicked "love potions," like we are used to seeing portrayed in movies like "Bell, Book and Candle." Maria's spells are worded so that no one is harmed by the occult

processes involved. No one will suffer any negative consequences or loss of free will and lovers will discover each other without any unfair coercion from the "dark side." In this workbook you will learn to... *

- * Utilize the positive nature of Love Attraction Spells!
- * Develop Magnetic Power to attract members of the opposite - or same - sex!
- * Maintain fidelity and excitement in love relationships!
- * Create love potions of the benevolent kind!

Let Maria lighten your burdens of loneliness and bring the kind of passion and excitement to your life that you've been dreaming of for so long. Her methods are safe and easy and could lead to happiness that exceeds even your wildest fantasies. The importance of our bodies cannot be overstated – this goes for all walks of life, whether it's a simple commute to work, or a tense interview situation: every movement that you make says ten things about you. This is partly what makes romantic situations so difficult for many people. Body language can be a very subconscious, hidden affair – meaning that we can't openly identify why an interaction isn't going well, or why one is. Every second, of every day, you are screaming messages to the world – even when your mouth is tightly shut. Your body is constantly having conversations with the other bodies around it, often without your recognition – in this short book, Stefan Cain tackles the difficulties of flirting, relationships and social interaction, by looking at the body language of men and women. Within these pages, you will learn:•

How body language works and where it came from•
How to attract men with powerful body language• How
to attract women with powerful body language• How to
react and understand the body language of others•
How to increase your confidence and natural

manner, better equipping you for a more successful

you find and keep the love you want Helen Fisher can often tell, almost instantly, the hidden strengths and weaknesses in a relationship that are likely to keep a couple together or pull them apart. The words they choose, their facial structure and body language, even their doodles and where they live give strong clues to their personality type. After three decades of studying romantic relationships, Fisher has discovered that your dominant personality type guides not only who you are but who you love. *Why Him? Why Her?* provides a new way to understand relationships, whether you're searching for one or eager to strengthen the one you have. Beginning with a scientifically developed questionnaire to determine your prevailing personality type, Fisher tells you not only what type of person you might have chemistry with but how to find them, attract them, and keep them. Once you know the personality profile of the partner you're with--or hope to find--you can use your knowledge of how your types match up to improve your love life. More than seven million people in forty countries have learned Fisher's techniques and are using these tools to make and keep lasting romantic connections. Based on proven results, this groundbreaking book goes beyond theory to show that the complex nature of romance isn't so complicated once you truly understand yourself and others. Provocative and illuminating, Fisher's book deserves to be read by everyone looking to be loved for who they really are. Everyone is interested in love and

In this uniquely fascinating book, Sandra Anne Taylor reveals how the Universal Laws—and even quantum physics—actually direct the course of your relationship destiny. Energy is the center of all life, and your energy is the center of all that you attract. You project this energy ahead of you in time and space, magnetically determining whom you will meet, as well as what the dynamics of any particular relationship will be like. In *Secrets of Attraction*, you'll discover what makes up your personal energy field, how you broadcast it, and why it has much more impact on your relationships than your looks, intellect, or financial status. No matter what you've been through in the past, you do have the power to change your relationship energy and manifest the intimacy, reciprocity, and true love that has been eluding you for so long! Once upon a time in the fairy

tales, people risked it all for love and couples lived happily ever after. Then something changed. People became complacent, lazy, even oblivious and began misinterpreting the most basic forms of communication. Suddenly humans were lost and the most common happily ever after was post-break-up. Yet there was still HOPE! Based on the consistently repeated mistakes of many, *Spelling It Out for Your Man* offers a candid, funny and non-judgmental view of the exploration of what's really going on in the minds of men and women regarding sex and love, as well as what entices people to attract and stay attracted to one another. Julieanne O'Connor's intention is to inspire people to tap into their own sexuality, to release the need for the illusion of ownership, and to evoke the desire in everyone to open their hearts wider still. Another great book by the talented author, Martha Perez; *Opposites Attract Volume 2. The Wrong Kind of Love Volume 1* and coming soon, *The Rockstar Volume 3*.
