Sweatshops on Wheels Jul 29 2020 Long hours, low wages, and unsafe workplaces characterized sweatshops a hundred years ago. These same conditions plague American trucking today. *Sweatshops on Wheels: Winners and Losers in Trucking Deregulation* exposes the dark side of government deregulation in America's interstate trucking industry. In the years since deregulation in 1980, median earnings have dropped 30% and most long-haul truckers earn less than half of pre-regulation wages. Work weeks average more than sixty hours. Today, America's long-haul truckers are working harder and earning less than at any time during the last four decades. Written by a former long-haul trucker who now teaches industrial relations at Wayne State University, *Sweatshops on Wheels* raises crucial questions about the legacy of trucking deregulation in America and casts provocative new light on the issue of government deregulation in general.

The Second Vatican Council on Other Religions Jan 15 2022 Many observers greeted the Second Vatican Council (1962-65) as the most important religious event in the twentieth century. Its implementation and impact are still being felt in the Catholic Church, the wider Christian world, and beyond. One sea change that Vatican II brought concerned Roman Catholic attitudes towards Judaism, Islam, and other religions. Gerald O'Collins breaks fresh ground by examining in detail five documents from the Council which embodied a new mindset about other religious faiths and mandated changes that quickly led to international and national dialogues between the Catholic Church and the followers of non-Christian religions. The book also includes chapters on the insights that prepared the way for the rethinking expressed by Vatican II, and on the follow-up to the Council's teaching found in the work of Pope John Paul II and Jacques Dupuis. O'Collins ably illustrates how the Council made a startling advance in official Catholic teaching about followers of other living faiths. Carefully

researched, the book is written in the clear, accessible style that readers of previous works by O'Collins will recognize.

On the Run Dec 26 2022 For eight years, single mother Grace Archer has been living a picture-perfect life raising her daughter on a horse farm in the small town of Tallanville, Alabama. Watching Frankie grow into a talented and confident young girl has made Grace as happy as any mother could hope to be. Happy enough, even, to forget the past. But the past never quite goes away. Which is why a certain charismatic man also moved to Tallanville eight years ago to watch over her. But when violence threatens to shatter Grace and Frankie's idyllic home, the waiting is over. The ghosts of the past have

returned. And they're hungry for blood. Now Grace must resume an identity she thought she had cast off forever, and match wits with an opponent as deadly as he is cunning. The prize: an extraordinary secret that only she can unfold. The forfeit: losing the thing more precious to her than life itself.
