Sam and Lisa are reporters on their class newspaper. When ten pounds goes missing, the two friends are on the trail of a mystery that really makes the front page. Get on Google front page. Read the latest collection of SEO tips for 2011. You'll learn to:-pick the very best keywords, short-tail and long-tail-add meta tags with meta description to page source-optimize the text and images within website pages-get your URL backlinks out to thousands of sites-monitor visitors trends-build online platform, increase visibility-and so much more. Looks at decisions made at The New York Times that resulted in the minimizing, misunderstanding, and dilution of the Holocaust in a behind-the-scenes study of how America's premier newspaper failed in its coverage of the fate of European Jews. There is something solid and lasting about a printed word. It doesn't float away like the spoken word. So many modifying adjectives and adverbs, and polarizing interchanges among talking heads, are often useless, even detrimental, to reporting the news. They create emotions and opinions, robbing the listener of independent thought. There have been many changes in media in recent years. According to the Bureau of Labor Statistics, all newspaper publishers employed 455,000 reporters, salespeople, editors, and the like in 1990. By January, 2017 that workforce had been more than halved, and the slide continues. Mirror On 1934 contains 120 original Daily Mirror (British) newspaper front pages from 1934 and is sure to bring memories flooding back of times gone by. This wonderful archive covers all the major news events from the year and would make a super gift idea for anyone born in 1934. Please note that all the front pages are original newspaper scans and are not modern reproductions (as such some articles may be difficult to read and may require the use of a magnifying glass). When two rookie cops are killed in a suspicious crash near Richmond, Virginia, crime reporter Nichelle Clarke is sent in to investigate. Book Design Made Simple gives DIY authors, small presses, and graphic designers-novices and experts alike-the power to design their own books. Let two experts guide you through the process with easy step-by-step instructions, resulting in a professional-looking top-quality book Mirror On 1932 contains 120 original Daily Mirror (British) newspaper front pages from 1932 and is sure to bring memories flooding back of times gone by. This wonderful archive covers all the major news events from the year and would make a super gift idea for anyone born in 1932. Please note that all the front pages are original newspaper scans and are not modern reproductions (as such some articles may be difficult to read and may require the use of a magnifying glass). Cadet journalist Stacey McCallaghan is struggling to find anything newsworthy to report on in the small country town of Toomey. Front-page stories consist of the price of cattle and lawn bowls results, and Stacey spends more time laying out the crossword than covering actual news. Until the first dead body turns up. While the local police fumble the investigation, ambitious Stacey is just pleased to have something other than cattle sales to write about. Plus, she now has an excuse to spend more time with the arrogantly attractive

Detective Scott Fitzgerald. But when Stacey shows up at one crime scene too many, she moves to the top of the most wanted list. Stacey must uncover the truth before anyone else gets hurt – or the police put her behind bars. Light-hearted and laugh-out-loud funny, this charming novel will have readers falling in love with the surprisingly deadly town of Toomey. Clarke Thomas has compiled a two-hundred-year history of the Pittsburgh Post-Gazette, the first paper published west of the Alleghenies. From the Whiskey Rebellion to the present, the stories the paper covered reveal the history of Pittsburgh and the people who live there. This book provides a varied, thorough and informative analysis of how newspapers covered the 2014 Scottish independence referendum in its critical final months. Providing a wealth of new empirical findings, the book engages with the key themes and issues which emerge from within the discourses themselves. Among the main observations are: the marginalisation of women, both as subjects and producers of the news; the late emergence of the London-based media to take the vote entirely seriously; the often myopic focus on Alex Salmond; and the framing of the debate through contrasting narratives of positive democratic engagement and societal division within Scotland. The book will be the first point of contact for readers interested in the subject, providing an overview which is meticulously researched, authoritative and engaging, and offering broader insights in the areas of journalism, political communication and media studies. An impressive chronicle of the events of World War II compiles all the major New York Times headlines to create a powerful reminder that we should never forget the most destructive war in history and its effect on the American people and their government. In an age when pundits constantly decry overt political bias in the media, we have naturally become skeptical of the news. But the bluntness of such critiques masks the highly sophisticated ways in which the media frame important stories. In *Front Page Economics*, Gerald Suttles delves deep into the archives to examine coverage of two major economic crashes—in 1929 and 1987—in order to systematically break down the way newspapers normalize crises. Poring over the articles generated by the crashes—as well as the people in them, the writers who wrote them, and the cartoons that ran alongside them—Suttles uncovers dramatic changes between the ways the first and second crashes were reported. In the intervening half-century, an entire new economic language had arisen and the practice of business journalism had been completely altered. Both of these transformations, Suttles demonstrates, allowed journalists to describe the 1987 crash in a vocabulary that was normal and familiar to readers, rendering it routine. A subtle and probing look at how ideologies are packaged and transmitted to the casual newspaper reader, *Front Page Economics* brims with important insights that shed light on our own economically tumultuous times. Eileen M. Wirth never set out to be a groundbreaker for women in journalism, but if she wanted to report on social issues instead of society news, she had no alternative. Her years as one of the first women reporters at the Omaha World-Herald, covering gender barriers even as she broke a few herself, give Wirth an especially apt perspective on the women profiled in this book: those Nebraskans who, over a hundred years, challenged traditional feminine roles in journalism and subtly but surely changed the world. The book features remarkable women journalists who worked in every venue, from rural weeklies to TV. They fought for the vote, better working conditions for immigrants, and food safety at the turn of the century. They covered wars from the Russian Revolution to Vietnam. They were White House reporters and minority journalists who crusaded for civil rights. Though Willa Cather may be the only household name among them, all are memorable, their stories affording a firsthand look into the history of journalism and social change. New York City, 1915 The Lusitania has just been sunk, and headlines about a shooting at J.P. Morgan's mansion and the Great War are splashed across the front page of every newspaper. Capable "Kitty" Weeks would love nothing more than to report on the news of the day, but she's stuck writing about fashion and society gossip over on the Ladies' Page—until a man is murdered at a high society picnic on her beat. Determined to prove her worth as a journalist, Kitty finds herself plunged into the midst of a wartime conspiracy that threatens to derail the United States' attempt to remain neutral—and to disrupt the privileged life she has always known. Radha Vatsal's *A Front Page Affair* is the first book in highly anticipated series featuring rising journalism star Kitty Weeks. Inventive, glamorous, gorgeous - since the beginning VOGUE has

set the platinum standard for fashion magazines the world over and has become an icon in its own right. VOGUE's covers sum up the superlative visual ideals of the whole magazine. For the first time, this book brings together in one volume nearly a century of covers both illustrated and photographic. Over two hundred stunning images have been selected from an archive of more than fifteen hundred. What sets VOGUE's covers apart is that each is so bold, so beautiful and so emphatically different. They mark the course of history, chart changing fashions and ideas of beauty and hold up a mirror to the cultural and social revolutions of the twentieth century. Since 1916 VOGUE's covers have celebrated the most striking women of our age, captured by the century's leading photographers, the greatest artists and the most inventive fashion. Brilliant, captivating and full of life, this is the face of the world's most influential magazine and the original style bible. Gathers front page stories in British newspapers that describe important events in the lives of the Royal family from the death of Queen Victoria to the birth of Prince William From Simon & Schuster, Behind the Front Page is David S. Broder's candid look at how the news is made. The author, Pulitzer Prize-winning reporter David S. Broder, looks at how the press handled various political stories of the seventies, and discusses the ethical issues faced by journalists—an exploration just as relevant now as it was then. 'The Medium is the Message' claimed Marshall McLuhan. What better way to survey the ideas, events and leaders of the last century than through the striking images of its magazine covers? Structured thematically, Front Page provides an original and provocative visual account of the twentieth century as depicted by its best-known international periodicals (Vogue, The Tatler, Private Eye, Paris Match, The New Yorker, Newsweek etc). It covers world political and historical events such as the Russian revolution, the Spanish Civil War, Hiroshima, and the fall of the Berlin Wall, and presents the great political and historical characters of an epoch. Iconography can be propaganda, satire, fashion or plain reporting of events. The visual rhetoric of a fast-moving century provides for some startling conclusions - that the most widely featured woman of the entire period was Sophie Loren, the man - Churchill. This is a panoramic view of twentieth-century life and society; a resume of great sporting events, of rock stars, political leaders and other media heroes. Fashion and design trends will also be highlighted through the work of the greatest photographers and illustrators. From The Birth Of A Nation To The Death Of Journalism Since its founding by a bloodthirsty tyrant in 1756, The Onion has not merely changed the way we think about the news -- it has changed whether we think about the news at all. As the first decade of this new millennium draws to a close, Our Front Pages shows us the first thing that presidents, kings, prime ministers, and popes saw when they opened their eyes each morning for the last 21 years. Now you, the common reader and citizen, can see what they saw and be as informed as they were with this important retrospective of the past two decades. You, too, will realize what generations before have realized and generations yet unborn will some day realize in turn: The Onion is not merely the chronicle of America. The Onion is America. An irresistible comedy with thrills and derring do set in the news room. Hildy wants to break away from journalism and go on a belated honeymoon. There is a jailbreak and into Hildy's hands falls the escapee as hostage. He conceals his prize in a rolltop desk and phones his scoop to his managing editor. Their job is to prevent other reporters and the sheriff from opening the desk and finding their story. Some hoodlums are enlisted to remove the desk, but they get mixed up with a Boy Scout troop and the mayor and a cleaning woman, among others. It's a whirlwind wrap up with Hildy finally making his breakaway, but the cynical managing editor has him arrested before he leaves town for having stolen a watch he planted on Hildy. Front Pages is an illustrated novel of the real world created by the painter Nancy Chunn. Every day of 1996 Chunn claimed as an artistic canvas the front page of the New York Times. Using specialized rubber stamps and bold pastels to enhance, eradicate, and alter images and text, she created a commentary - colorful, intense, smart, compassionate, visually explosive - on the year's events and the power of the press. When these artworks were shown at the Ronald Feldman Gallery in New York, they created a sensation. Chunn's treatment of the events we all lived through - the Presidential campaign, the crash of TWA flight 800, the wars in Chechnya and Rwanda - will strike an immediate chord in readers tuned in to the complex frequencies of a political world awash in images and news.

Gary Indiana's interview with the artist provides lively and intimate insights into the artistic process as means of talking back to power and engaging with the world. Front Pages is being published to coincide with an exhibition of these works at The Corcoran Gallery of Art in Washington, DC, January 10-March 2, 1998. Reproduces 150 front pages from newspapers around the world depicting the attacks on the World Trade Center and the Pentagon on September 11, 2001. Offers a complete reading text of the last of Ernest Hemingway's manuscripts to be published in its entirety. "The long-awaited biography of the defining illustrator of the twentieth century by a celebrated art critic"-- Based on numerous interviews with reporters, editors, and publishers, this book examines the increased presence of women in the press and their impact on news coverage by the press and relays the stories of the efforts of women to ensure a more balanced c Twelve-year-old Delilah James is one of the top reporters at Brighton Junior Academy and dreams of becoming a Junior Global Journalist. But when an international rival named Ava invades her newsroom and takes over her crush, Delilah finds an unlikely ally in the Debutantes - a.k.a. the Little Debbies. The first study of the role of the newspaperwoman in American literary culture at the turn of the twentieth century, this book recaptures the imaginative exchange between real-life reporters like Nellie Bly and Ida B. Wells and fictional characters like Henrietta Stackpole, the lady-correspondent in Henry James's Portrait of a Lady. It chronicles the exploits of a neglected group of American women writers and uncovers an alternative reporter-novelist tradition that runs counter to the more familiar story of gritty realism generated in male-dominated newsrooms. Taking up actual newspaper accounts written by women, fictional portrayals of female journalists, and the work of reporters-turned-novelists such as Willa Cather and Djuna Barnes, Jean Marie Lutes finds in women's journalism a rich and complex source for modern American fiction. Female journalists, cast as both standard-bearers and scapegoats of an emergent mass culture, created fictions of themselves that far outlasted the fleeting news value of the stories they covered. Front-Page Girls revives the spectacular stories of now-forgotten newspaperwomen who were not afraid of becoming the news themselves—the defiant few who wrote for the city desks of mainstream newspapers and resisted the growing demand to fill women's columns with fashion news and household hints. It also examines, for the first time, how women's journalism shaped the path from news to novels for women writers. In this World War II-era historical mystery series debut by Joyce St. Anthony, small-town editor Irene Ingram has a nose for news and an eye for clues. Irene Ingram has written for her father's newspaper, the Progress Herald, ever since she could grasp a pencil. Now she's editor in chief, which doesn't sit well with the men in the newsroom. But proving her journalistic bona fides is the least of Irene's worries when crime reporter Moe Bauer, on the heels of a hot tip, turns up dead at the foot of his cellar stairs. An accident? That's what Police Chief Walt Turner thinks, and Irene is inclined to agree until she finds the note Moe discreetly left on her desk. He was on to a big story, he wrote. The robbery she'd assigned him to cover at Markowicz Hardware turned out to be something far more devious. A Jewish store owner in a small, provincial town, Sam Markowicz received a terrifying message from a stranger. Moe suspected that Sam is being threatened not only for who he is...but for what he knows. Tenacious Irene senses there's more to the Markowicz story, which she is all but certain led to Moe's murder. When she's not filling up column inches with the usual small-town fare—locals in uniform, victory gardens, and scrap drives—she and her best friend, scrappy secretary Peggy Reardon, search for clues. If they can find the killer, it'll be a scoop to stop the presses. But if they can't, Irene and Peggy may face an all-too-literal deadline. It takes a fearless mind to harbour such a dark heart, a heart that knows no nobility, no apology?

Mumbai, April 2012. The gruesome murder of a senior citizen in a wealthy Mumbai neighbourhood leads the city's Crime Branch to unearth several half-naked, mutilated and dismembered bodies rotting in the ravines of the Western Ghats on the outskirts of the city. A trail of missing suspects, a lethal honey-trap, and unexpected links with Mumbai's film industry and the underworld, brings the investigators ? and the press, ever hungry for breaking news ? to Vijay Palande, a cold-blooded killer equipped with the sophistication of Charles Sobhraj, the manipulative genius of Ted Bundy and the cruelty of Jack the Ripper. In The Front Page Murders, Puja Changoiwala, who covered the incidents as they unfolded, recounts in gripping

detail the story behind the sensational case of multiple murders that shocked the country. Startling and intensely sobering by turns, her compelling narrative explores not just the murky depths of a serial killer's mind but, tellingly, the media's frenzy for a juicy story and the insatiable human appetite for horror. A provocative, timely account of the changing face of journalism from a pioneer of the new-media revolution For a long time, media organisations have controlled the news, treating their audiences as products for advertisers. Yet as journalism has moved online and behind paywalls, the public is demanding more say in how the news is created. They are using blogs, Twitter, and Facebook to share stories, and selecting their sources to create their own 'front page'. In this lively, biting critique, media commentator Tim Dunlop explores the rise of the audience, and how unprepared the mainstream media has been for this changing balance of power. Drawing on his experiences as a prominent political blogger, he argues that the future of meaningful journalism — the sort we need in order to be informed citizens — will increasingly rely on journalists and editors taking the audience into their confidence and working with them, rather than against them. The New Front Page is a passionate plea on behalf of those tired of being talked down to by the fourth estate. Perceptive and illuminating, it asks audiences and media to work together to hold the powerful to account, and to produce the sort of news and analysis that enriches public debate. "Examines how newspapers have changed over the past few years, becoming story papers. Comparing 850 stories, story approaches, and unofficial sourcing in twenty American newspapers from 2001 and 2004, Weldon reveals a shift toward features over hard news, along with an increase in anecdotal or humanistic approaches to all stories"-- Provided by publisher. It's 1915 in New York City and an intrepid young journalist is about to get her biggest story yet... The Lusitania has just been sunk, and headlines about a shooting at J.P. Morgan's mansion and the Great War are splashed across the front page of every newspaper. Capability "Kitty" Weeks would love nothing more than to report on the news of the day, but she's stuck writing about fashion and society gossip over on the Ladies' Page - until a man is murdered at a high society picnic on her beat. Determined to prove her worth as a journalist, Kitty finds herself plunged into the midst of a wartime conspiracy that threatens to derail the United States' attempt to remain neutral - and to disrupt the privileged life she has always known. The first book in a highly anticipated mystery series featuring rising journalism star Kitty Weeks packed full of historical detail, A Front Page Affair is perfect for fans of Rhys Bowen and Jacqueline Winspear Praise for A Front Page Affair 'A delightfully spunky heroine defies convention as an investigative reporter in this engaging historical mystery. The small factual details of New York life are gems' Rhys Bowen 'This lively and well-researched debut introduces a charming historical series and an appealing fish-out-of-water sleuth who seeks independence and a career in an age when most women are bent on getting married, particularly to titled Englishmen. Devotees of Rhys Bowen's mysteries will enjoy making the acquaintance of Miss Weeks.' Library Journal 'The fascinating historical details add flair to this thoroughly engaging mystery starring an intelligent amateur sleuth reminiscent of Rhys Bowen's Molly Murphy. Vatsal's debut will leave readers eager for Kitty's next adventure.' Booklis
