Elephant has a bucket of blocks and wants to build something as tall as he is. But will it stay up? CRASH! BOOM! Not this time. Build it again? Young children follow along as Elephant goes through the ups and downs of creating something new and finally celebrates the joy and pride of success. Full color. The author has traced thousands of his direct ancestors, all the way into the middle ages, and arguably right back into antiquity. Using methods and tools described in this book you can do the same. The instructions are step-by-step, with tips on what to look for and how to progress rapidly. Your kin are waiting to be discovered and this book will help you find them. Provides information on banned books and ways to organize programs in support of the First Amendment. Much-loved storyteller Karen Kingsbury's Baxter Family books have captured the hearts of millions who have come to think of the Baxter family as their own. Now Karen Kingsbury and her son Tyler Russell tell the childhood stories of the beloved Baxter children—Brooke, Kari, Ashley, Erin, and Luke—to inspire and entertain younger readers. Brooke is the perfect older sister. For that reason, Kari and Ashley work hard to make their parents just as proud of them as they are of Brooke. Each girl has her own talents. Brooke is an excellent student. Kari is a great soccer player. Ashley, a talented artist. And they are always there for each other. But when the news comes that Dr. Baxter is moving the family from Ann Arbor to Bloomington, Indiana, and the Baxters need to leave the only home and friends they've ever known, no one is happy. Saying goodbye is hard but the family still has what's most important—their faith and their love for each other. The first book in the Baxter Family Children series, #1 New York Times bestselling author Karen Kingsbury and Tyler Russell tell the story of what it was like to grow up in the Baxter family, the best family ever. From the expert team behind IT'S PERFECTLY NORMAL and IT'S SO AMAZING! comes a book for younger children about their bodies — a resource that parents, teachers, librarians, health care providers, and clergy can use with ease and confidence. Young children are curious about almost everything, especially their bodies. And young children are not afraid to ask questions. What makes me a girl? What makes me a boy? Why are some parts of girls' and boys' bodies the same and why are some parts different? How was I made? Where do babies come from? Is it true that a stork brings babies to mommies and daddies? IT'S NOT THE STORK! helps answer these endless and perfectly normal questions that preschool, kindergarten, and early elementary school children ask about how they began. Through lively, comfortable language and sensitive, engaging artwork, Robie H. Harris and Michael Emberley address readers in a reassuring way, mindful of a child's healthy desire for straightforward information. Two irresistible cartoon characters, a curious bird and a squeamish bee, provide comic relief and give voice to the full range of emotions and reactions children may experience while learning about their amazing bodies. Vetted and approved by science, health, and child development experts, the information is up-to-date, age-appropriate, and scientifically accurate, and always aimed at helping kids feel proud, knowledgeable, and comfortable about their own bodies, about how they were born, and about the family they are part of. A mother tells her child about its first day of life from the moment of birth through the end of the birth day. Throughout human history, countless women have made important contributions to society. Some have made scientific discoveries vital to modern-day life, whereas others have fought for human

rights, shaped entire countries and broken down barriers. This fascinating book introduces the reader to over one hundred such figures, with each having made important contributions in fields such as politics, science, literature, business and warfare. Women from all historical periods and walks of life are featured, from famous figures in ancient history including Cleopatra and Wu Zetian through to women changing the world today such as Emma Watson and Malala Yousafzai. Whereas the achievements of some of the 101 individuals featured are well known, some readers may be finding out about others for the first time, meaning that the book is also an excellent gateway to further reading.

Gus, Nellie, and baby Jake visit their community garden before shopping at the farmer's market and grocery store to gather healthy ingredients that they help prepare for a picnic, in a story that explains the role of nutrition in health. A celebration of children, families, and reading held annually since 1996, Children's Day/Book Day (known as Día) emphasizes the importance of literacy for children of all linguistic and cultural backgrounds. This collection presents the best of fifteen years of Día programming ideas. "Fast-paced, smart, and action-packed...a real page-burner." —Chris Grabenstein, #1 New York Times bestselling author of the Mr. Lemoncello's Library series

From New York Times bestselling author Stuart Gibbs comes the first novel in a thrilling new series about the world's youngest and smartest genius who's forced to use her unbelievable code-breaking skills to outsmart Einstein. Charlie Thorne is a genius. Charlie Thorne is a thief. Charlie Thorne isn't old enough to drive. And now it's up to her to save the world... Decades ago, Albert Einstein devised an equation that could benefit all life on earth—or destroy it. Fearing what would happen if the equation fell into the wrong hands, he hid it. But now, a diabolical group known as the Furies are closing in on its location. In desperation, a team of CIA agents drags Charlie into the hunt, needing her brilliance to find it first—even though this means placing her life in grave danger. In a breakneck adventure that spans the globe, Charlie must crack a complex code created by Einstein himself, struggle to survive in a world where no one can be trusted, and fight to keep the last equation safe once and for all. ?Who? A baby! That's you, baby, you! That's who! Who?

explores the relationships babies form with the people and things they love the most. The text's repetitive verse and melodic voice will captivate babies and toddlers and draw them into the sounds and images of the book. The all-time classic picture book, from generation to generation, sold somewhere in the world every 30 seconds! Have you shared it with a child or grandchild in your life? For the first time, Eric Carle's *The Very Hungry Caterpillar* is now available in e-book format, perfect for storytime anywhere. As an added bonus, it includes read-aloud audio of Eric Carle reading his classic story. This fine audio production pairs perfectly with the classic story, and it makes for a fantastic new way to encounter this famous, famished caterpillar. 2016 Winner of the Norma Fleck Award for Canadian Children's Non-Fiction 2016 ALA Stonewall Book Award, Honor Book 2016 ALA Notable Children's Book

A comic book for kids that includes children and families of all makeups, orientations, and gender identities, *Sex Is a Funny Word* is an essential resource about bodies, gender, and sexuality for children ages 8 to 10 as well as their parents and caregivers. Much more than the "facts of life" or "the birds and the bees," *Sex Is a Funny Word* opens up conversations between young people and their caregivers in a way that allows adults to convey their values and beliefs while providing information about boundaries, safety, and joy. The eagerly anticipated follow up to Lambda-nominated *What Makes a Baby*, from sex educator Cory Silverberg and artist Fiona Smyth, *Sex Is a Funny Word* reimagines "sex talk" for the twenty-first century. Introduces human sexuality, describes the changes brought about by puberty, and discusses sexual abuse, sexually transmitted diseases, AIDS, and pregnancy. "An outstanding book. . . . Meets the needs of those in-between or curious kids who are not ready, developmentally or emotionally, for *It's Perfectly Normal*." —Booklist (starred review)

How does a baby begin? What makes a baby male or female? How is a baby born? Children have plenty of questions about reproduction and babies—and about sex and sexuality, too. *It's So Amazing!* provides the answers—with fun, accurate, comic-book-style artwork and a clear, lively text that reflects the interests of children age seven and up in how things work, while giving them a healthy understanding of their bodies. Created by the author and illustrator of *It's Perfectly Normal*, this forthright and funny book has been newly updated for its fifteenth anniversary. Whether trophy or status symbol, comfort or escape books can have profound meaning in our lives. As a result, how we store them can take on significant importance. *Book Shelf Design* examines the most creative storage solutions of recent years by an international cast of industrial and furniture designers. In some, the books are hidden

or not immediately recognizable, in others they take center stage and even interact with the design to create the finished composition. The definition of bookshelf is greatly expanded to include, chairs, tables and even lamps that function as storage. There are myriads of ways to shelve a book, but chances are, you've never thought of these.

Nellie and her little brother Gus discuss all kinds of families during a day at the zoo and dinner at home with their relatives afterwards. Jess Brightwell believes in the value of the Library, but the majority of his knowledge comes from illegal books obtained by his family, who are involved in the thriving black market. Jess has been sent to be his family's spy, but his loyalties are tested in the final months of his training to enter the Library's service. For decades, new parents have relied on Dr. Brazelton's wisdom. But all "Brazelton babies" grow up. Now at last, the internationally famous pediatrician, in collaboration with an eminent child psychiatrist, has brought his unique insights to the "magic" preschool and first-grade years. Through delightful profiles of four very different children, the authors apply the touchpoints theory (following the pattern of growth-new challenge-regression-recharging-and renewed growth) to each of the great cognitive, behavioral, and emotional leaps that occur from age three to six. In the second, alphabetical, half of the book they offer precious guidance to parents facing contemporary pressures and stresses, such as how to keep a child safe without instilling fear, countering the electronic barrage of violent games and marketing aimed at children, coping successfully with varied family configurations, over-scheduling, competition, and many other vital issues today.

A Merloyd Lawrence Book Traces the story of the grassroots initiative to promote literacy and encourage community through front-yard book exchanges, chronicling how the movement expanded throughout 70 countries. 10,000 first printing.

Margaret Wise Brown's beloved bedtime classics have lulled generations of children to sleep with their soothing sounds. Now, for the first time, these three classics are shrinkwrapped together in a beautifully designed gift package. The gift set includes *Goodnight Moon* and *The Runaway Bunny*, with pictures by Clement Hurd, along with *Big Red Barn*, illustrated by Felicia Bond. A latest entry in the series that includes *It's NOT the Stork!* follows the adventures of young Gus and Nellie, who watch their mother's pregnancy and anticipate the arrival of a new sibling while learning engaging facts about how unborn babies develop. Uses a question-and-answer format to present sex information for preteens. Aimed at 8 to 12 year olds, this book presents factual information about babies, bodies, love, sex, reproduction and families in a non-threatening, easy to understand way. A real pediatrician and the author of the bestselling *Care & Keeping of You* series provides tips, how-tos, and facts about boys' changing bodies that will help them take care of themselves. Full color. When a small boy is told that his pet mouse has died, he can't at first believe it. But gradually, with the help of his family, he comes to terms with his pet's death. Beautifully told by award-winning author, Robie H. Harris, and gently illustrated by world-renowned artist, Jan Ormerod, *Goodbye, Mousie* is a perfect book to help children cope with loss. Written for adolescents, this book provides frank, up-to-date and reassuring information on all aspects of growing up, puberty, sex and sexual health. Describes the reproductive process from intercourse to birth. "Meet Tiger, Bear, and their forest friends, Bird, Frog, Fox, and Turtle! In this terrifically unique and interactive tale, your 2-year-old child with help Tiger find Bear. Each step in your child's quest to find Bear highlights important milestones in your child's growth and development. Look for the leaf at the bottom of the page for these Milestone Moments"--Back cover. Bold illustrations and straight-forward text provide beginning readers with an informative and factual guide about the birth process, the human body, families, and more. An indispensable guide to welcoming children—from babies to teens—to a lifelong love of reading, written by Pamela Paul and Maria Russo, editors of *The New York Times Book Review*. Do you remember your first visit to where the wild things are? How about curling up for hours on end to discover the secret of the Sorcerer's Stone? Combining clear, practical advice with inspiration, wisdom, tips, and curated reading lists, *How to Raise a Reader* shows you how to instill the joy and time-stopping pleasure of reading. Divided into four sections, from baby through teen, and each illustrated by a different artist, this book offers something useful on every page, whether it's how to develop rituals around reading or build a family library, or ways to engage a reluctant reader. A fifth section, "More Books to Love: By Theme and Reading Level," is chockful of expert recommendations. Throughout, the authors debunk common myths, assuage parental fears, and deliver invaluable lessons in a positive and easy-to-act-on way. Introduces human sexuality, describes the changes brought about by puberty, and discusses sexual abuse, sexually transmitted

diseases, AIDS, and pregnancy. Using simple text and illustrations, describes the nine months of life before birth.
