301 redirects are  
permanent whereas  
302 redirects are  
temporary a 301 is  
used when a page  
has permanently  
changed location  
and a 302 should be  
used if you intend  
to move the page  
back under the  
original url in the  
future in general  
you should expect  
to use 301 redirects  
on your website  
web about this  
home 301 pinnacle  
ln is a 2 391 square

foot house on a 0 25 acre lot with 4 bedrooms and 2 5 bathrooms this home is currently off market based on redfin s ione data we estimate the home s value is 644 284 redfin last checked over 7 days ago web nov 23 2017 a 301 moved permanently is an http response status code indicating that the requested resource has been permanently moved to a new url provided by the location response header the 3xx category of response codes are used to indicate redirection messages to the client such that the client will become aware that a web 301 year 301 ccci was a common year

starting on wednesday link will display the full calendar of the julian calendar at the time it was known as the year of the consulship of postumius and nepotianus or less frequently year 1054 ab urbe condita the denomination 301 for this year has been used since the early medieval period when web mar 18 2022 a 301 redirect sends the message to search engines that a website or page has been moved permanently permanent means about a year or longer after a year check to see if people are still being web apr 22 2022 status code 301 is shown when a page has been

moved they are colloquially known as 301 redirects they should be used any time you have permanently replaced a url with another url users and bots will be permanently moved to the new url which will replace the old url in search results eventually the old url will web browse area code 301 phone numbers prefixes and exchanges the 301 area code serves washington beltsville silver spring hyattsville frederick covering 95 zip codes in 16 counties menu web nov 26 2022 301 moved permanently the hypertext transfer protocol http 301 moved permanently redirect status response code

indicates that the requested resource has been definitively moved to the url given by the location headers a browser redirects to the new url and search engines update their links to the resource web may 21 2020 fix these issues by applying the proper 301 redirects from the http to https version s of the affected page s 2 remove pages with 301 status codes from your sitemap google looks to sitemaps to understand which pages to crawl and index because pages with 301 status codes no longer technically exist there s no point asking google to web amendments 2014 subsec e 2
