Just a Second Dec 02 2022 A lyrical tribute to the amazing things in nature that can occur in various increments of time invites youngsters to think about time as measured by such examples as the flap of a vulture's wing, a crocodile's heartbeat and the life of a mayfly. By the creator of the Caldecott Honor-winning **What Do You Do with a Tail Like This?** 35,000 first printing.

The Book of Stolen Time Dec 30 2019 From New York Times–bestselling author Dashka Slater comes the whimsical and witty sequel to **The Book of Fatal Errors!** Rufus may have successfully sent the feylings home to the Green World, but he still has one pesky feyling under his wing: Nettle, his sometimes enemy, now mentor. Nettle is in charge of helping Rufus and his cousin Abigail protect Feylawn, their grandfather's magical and mysterious

homestead. But this difficult task becomes even more dangerous when a leopard appears in the woods without warning; strange, waterlogged women arrive to warn of impending doom; and a goblin begins digging his way back to Earth, hungry for revenge.

Meanwhile, Rufus's father is intent on selling Feylawn to the highest bidder. Can Rufus and Abigail save Feylawn and its magic? Or will they have to say goodbye to the feylings forever? In *The Book of Stolen Time*, our favorite heroes are back! And magic, mischief, and adventure abound.

The David Story: A Translation with Commentary of 1 and 2 Samuel Mar 01 2020 "A masterpiece of contemporary Bible translation and commentary."—Los Angeles Times Book Review, Best Books of 1999 Acclaimed for its masterful new translation and insightful commentary, *The David Story* is a fresh, vivid rendition of one of the great works in Western literature. Robert Alter's brilliant translation gives us David, the beautiful, musical hero who slays Goliath and, through his struggles with Saul, advances to the kingship of Israel. But this David is also fully human: an ambitious, calculating man who navigates his life's course with a flawed moral vision. The consequences for him, his family, and his nation are tragic and bloody. Historical personage and full-blooded imagining, *David* is the creation of a literary artist comparable to the Shakespeare of the history plays.

Le Deuxième Sexe Jan 11 2021 The classic manifesto of the liberated woman, this book explores every facet of a woman's life.

The Lion of Senet Jul 17 2021 This first book of the *Second Sons* Trilogy establishes Jennifer Fallon as one of the most unique voices in fantasy fiction, as she creates full characters, and takes intelligent plotting to a whole new level in order to establish unparalleled complexity and tension. On the world Ranadon there is no night as both suns shine brightly. The intervention of Belagren, High Priestess of the Shadowdancers, and the sacrifice of a child of royal blood, has

banished the Age of Shadows from the skies. Belagren's position is unquestioned . . . until circumstances begin to tip political rivalries into a deadlier game altogether. A volcanic eruption rocks the seas separating the Kingdom of Dhevyn and the mainland Kingdom of Senet, and a mysterious sailor is shipwrecked on the island of Elcast. Badly wounded, his arrival stirs up old hatreds and unravels old secrets. His presence is enough to even bring Antonov, the powerful Lion of Senet, to the island and fear to the Keep of the Duke of Elcast. A strong friendship develops between Dirk, second son of the Duke, and Kirshov Latanya, second son of the Lion of Senet. But will they, and their friendship, survive the chain of events set in motion by the ambitions of the ruthless High Priestess of the Shadowdancers and the domineering Lion of Senet?

Sin in the Second City Oct 20 2021 Step into the perfumed parlors of the Everleigh Club, the most famous brothel in American history—and the catalyst for a culture war that rocked the nation. Operating in Chicago’s notorious Levee district at the dawn of the last century, the Club’s proprietors, two aristocratic sisters named Minna and Ada Everleigh, welcomed moguls and actors, senators and athletes, foreign dignitaries and literary icons, into their stately double mansion, where thirty stunning Everleigh “butterflies” awaited their arrival. Courtesans named Doll, Suzy Poon Tang, and Brick Top devoured raw meat to the delight of Prince Henry of Prussia and recited poetry for Theodore Dreiser. Whereas lesser madams pocketed most of a harlot’s earnings and kept a “whipper” on staff to mete out discipline, the Everleighs made sure their girls dined on gourmet food, were examined by an honest physician, and even tutored in the literature of Balzac. Not everyone appreciated the sisters’ attempts to elevate the industry. Rival Levee madams hatched numerous schemes to ruin the Everleighs, including an attempt to frame them for the death of department store heir Marshall Field, Jr. But the sisters’ most daunting foes were the

Progressive Era reformers, who sent the entire country into a frenzy with lurid tales of “white slavery”——the allegedly rampant practice of kidnapping young girls and forcing them into brothels. This furor shaped America’s sexual culture and had repercussions all the way to the White House, including the formation of the Federal Bureau of Investigation. With a cast of characters that includes Jack Johnson, John Barrymore, John D. Rockefeller, Jr., William Howard Taft, “Hinky Dink” Kenna, and Al Capone, Sin in the Second City is Karen Abbott’s colorful, nuanced portrait of the iconic Everleigh sisters, their world-famous Club, and the perennial clash between our nation’s hedonistic impulses and Puritanical roots. Culminating in a dramatic last stand between brothel keepers and crusading reformers, Sin in the Second City offers a vivid snapshot of America’s journey from Victorian-era propriety to twentieth-century modernity. “Delicious... Abbott describes the Levee’s characters in such detail that it’s easy to mistake this meticulously researched history for literary fiction.” —— New York Times Book Review “ Described with scrupulous concern for historical accuracy...an immensely readable book.” —— Joseph Epstein, The Wall Street Journal “Assiduously researched... even this book’s minutiae makes for good storytelling.” —— Janet Maslin, The New York Times “Karen Abbott has pioneered sizzle history in this satisfyingly lurid tale. Change the hemlines, add 100 years, and the book could be filed under current affairs.” —— USA Today “A rousingly racy yarn.” –Chicago Tribune “A colorful history of old Chicago that reads like a novel... a compelling and eloquent story.” —— The Atlanta Journal-Constitution “Gorgeously detailed” —— New York Daily News “At last, a history book you can bring to the beach.” —— The Philadelphia Inquirer “Once upon a time, Chicago had a world class bordello called The Everleigh Club. Author Karen Abbott brings the opulent place and its raunchy era alive in a book that just might become this years “The Devil In the

White City.” — Chicago Tribune Sunday Magazine (cover story) “As Abbott’s delicious and exhaustively researched book makes vividly clear, the Everleigh Club was the Taj Mahal of bordellos.” — Chicago Sun Times “The book is rich with details about a fast-and-loose Chicago of the early 20th century... Sin explores this world with gusto, throwing light on a booming city and exposing its shadows.” — Time Out Chicago “[Abbott’s] research enables the kind of vivid description à la fellow journalist Erik Larson’s *The Devil in the White City* that make what could be a dry historic account an intriguing read.” – Seattle Times “Abbott tells her story with just the right mix of relish and restraint, providing a piquant guide to a world of sexuality” — The Atlantic “A rollicking tale from a more vibrant time: history to a ragtime beat.” – Kirkus Reviews “With gleaming prose and authoritative knowledge Abbott elucidates one of the most colorful periods in American history, and the result reads like the very best fiction. Sex, opulence, murder — What’s not to love?” — Sara Gruen, author of *Water for Elephants* “A detailed and intimate portrait of the Ritz of brothels, the famed Everleigh Club of turn-of-the-century Chicago. Sisters Minna and Ada attracted the elites of the world to such glamorous chambers as the Room of 1,000 Mirrors, complete with a reflective floor. And isn’t Minna’s advice to her resident prostitutes worthy advice for us all: “Give, but give interestingly and with mystery.” — Erik Larson, author of *The Devil in the White City* “Karen Abbott has combined bodice-ripping salaciousness with top-notch scholarship to produce a work more vivid than a Hollywood movie.” — Melissa Fay Greene, author of *There is No Me Without You* “Sin in the Second City is a masterful history lesson, a harrowing biography, and - best of all - a superfun read. The Everleigh story closely follows the turns of American history like a little sister. I can't recommend this book loudly enough.” — Darin Strauss, author of *Chang and Eng* “This is a story of debauchery and corruption, but it is also a story of sisterhood, and

unerring devotion. Meticulously researched, and beautifully crafted, *Sin in the Second City* is an utterly captivating piece of history.” —
Julian Rubinstein, author of *Ballad of the Whiskey Robber*

The Second Stage Nov 28 2019 Betty Friedan argues that once past the initial stages of describing and working against political and economic injustices, the women's movement should focus on working with men to remake private and public tasks and attitudes.

***The Second Girl in Grey* Sep 18 2021** Alexandra Thorpe was orphaned when her parents were killed crossing a busy main road in a North Midlands town. Taken into the home of so called friends, she was used as an unpaid skivvy, forcing the lonely young girl to turn to shoplifting as a means of providing herself with the basic necessities of life. Eventually, convicted of habitual shoplifting she is fostered out to a farming family in a remote area of the Lake District in Cumbria. Alex grows to love the country life amid the picturesque mountains and Lakeland Fells where she becomes lost on the peaks in a fog; is involved in a tragic mountain rescue operation; and falls deeply in love. An exciting Fell Race at the beautiful Grasmere Village Sports Festival adds spice to a story with many unexpected and heartbreaking twists.

***The Second Book of Samuel* Nov 01 2022** Second Samuel includes some of the most well-known and theologically layered episodes in the Old Testament, such as the Lord's establishment of an eternal covenant with David, David's sin with Bathsheba, and the subsequent account of Absalom's rebellion. In this second part of an ambitious two-volume commentary on the books of Samuel, David Toshio Tsumura elucidates the rich text of 2 Samuel with special attention to literary and textual issues. Tsumura interprets the book in light of the meaning of the original composition, and he provides a fresh new translation based on careful analysis of the Hebrew text.

***A Tenth of a Second* Oct 08 2020** In the late fifteenth century, clocks acquired minute hands. A century later, second hands appeared. But it wasn't until the 1850s that instruments could recognize a tenth of a second, and, once they did, the impact on modern science and society was profound. Revealing the history behind this infinitesimal interval, *A Tenth of a Second* sheds new light on modernity and illuminates the work of important thinkers of the last two centuries. Tracing debates about the nature of time, causality, and free will, as well as the introduction of modern technologies—telegraphy, photography, cinematography—Jimena Canales locates the reverberations of this “perceptual moment” throughout culture. Once scientists associated the tenth of a second with the speed of thought, they developed reaction time experiments with lasting implications for experimental psychology, physiology, and optics. Astronomers and physicists struggled to control the profound consequences of results that were a tenth of a second off. And references to the interval were part of a general inquiry into time, consciousness, and sensory experience that involved rethinking the contributions of Descartes and Kant. Considering its impact on much longer time periods and featuring appearances by Henri Bergson, Walter Benjamin, and Albert Einstein, among others, *A Tenth of a Second* is ultimately an important contribution to history and a novel perspective on modernity.

Impact Evaluation in Practice, Second Edition Apr 01 2020 The second edition of the *Impact Evaluation in Practice* handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based

policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development.

***The Second City Guide to Improv in the Classroom* Aug 30 2022 Most people know The Second City as an innovative school for improvisation that has turned out leading talents such as Alan Arkin, Bill Murray, Stephen Colbert, and Tina Fey. ***The Book of Animal Ignorance* Aug 06 2020 Fast on the heels of the New York Times bestseller *The Book of General Ignorance* comes *The Book of Animal Ignorance*, a fun, fact-filled bestiary that is sure to delight animal lovers everywhere. Arranged alphabetically from aardvark to worm, here are one hundred of the most interesting members of the animal kingdom explained, dissected, and illustrated, with the trademark wit and wisdom of John Lloyd and John**

Mitchinson. Did you know, for instance, that • when a young albatross takes wing, it may stay aloft for ten years • vampire bat saliva—unsurprisingly, when you think about it—is the source of the world’s most powerful blood thinning drug, appropriately called draculin • bombardier beetles fire a boiling chemical spray out of their rears at 300 pulses per second • a bald eagle’s feathers weigh twice as much as its bones • a giant tortoise recently died at the documented age of 255 • octopuses are dexterous enough to unscrew tops from jars • spider silk is so light that a strand long enough to circle the world would weigh as much as a bar of soap? So meet the water bears that can live in suspension for hundreds of years, the parasite carried by your cat that makes men grumpy and women promiscuous, and the woodlouse that drinks through its bottom. Marvel at elephants that walk on tiptoe, pigs that shine in the dark, and woodpeckers that have ears on the ends of their tongues. If you still think a pangolin is a musical instrument, that hyenas are dogs, or that sheep are pointless and stupid, *The Book of Animal Ignorance* has arrived just in time.

The Second Book of General Ignorance Jan 03 2023 From the brains behind the New York Times' bestseller, *The Book of General Ignorance* comes another wonderful collection of the most outrageous, fascinating, and mind-bending facts, taking on the hugely popular form of the first book in the internationally bestselling series. Just when you thought that it was safe to start showing off again, John Lloyd and John Mitchinson are back with another busload of mistakes and misunderstandings. Here is a new collection of simple, perfectly obvious questions you'll be quite certain you know the answers to. Whether it's history, science, sports, geography, literature, language, medicine, the classics, or common

wisdom, you'll be astonished to discover that everything you thought you knew is still hopelessly wrong. For example, do you know who made the first airplane flight? How many legs does an octopus have? How much water should you drink every day? What is the chance of tossing a coin and it landing on heads? What happens if you leave a tooth in a glass of Coke overnight? What is house dust mostly made from? What was the first dishwasher built to do? What color are oranges? Who in the world is most likely to kill you? Whatever your answers to the questions above, you can be sure that everything you think you know is wrong. **The Second Book of General Ignorance** is the essential text for everyone who knows they don't know everything, and an ideal stick with which to beat people who think they do.

The Second Shift Sep 06 2020 An updated edition of a standard in its field that remains relevant more than thirty years after its original publication. Over thirty years ago, sociologist and University of California, Berkeley professor Arlie Hochschild set off a tidal wave of conversation and controversy with her bestselling book, **The Second Shift**. Hochschild's examination of life in dual-career households finds that, factoring in paid work, child care, and housework, working mothers put in one month of labor more than their spouses do every year. Updated for a workforce that is now half female, this edition cites a range of updated studies and statistics, with an afterword from Hochschild that addresses how far working mothers have come since the book's first publication, and how much farther we all still

must go.

The Infinite Sea Sep 26 2019 The riveting follow-up to the New York Times bestselling *The 5th Wave*, hailed by Justin Cronin as “wildly entertaining.” How do you rid the Earth of seven billion humans? Rid the humans of their humanity. Surviving the first four waves was nearly impossible. Now Cassie Sullivan finds herself in a new world, a world in which the fundamental trust that binds us together is gone. As the 5th Wave rolls across the landscape, Cassie, Ben, and Ringer are forced to confront the Others’ ultimate goal: the extermination of the human race. Cassie and her friends haven’t seen the depths to which the Others will sink, nor have the Others seen the heights to which humanity will rise, in the ultimate battle between life and death, hope and despair, love and hate. Praise for *The Infinite Sea* “Heart-pounding pacing, lyrical prose and mind-bending twists . . .”—The New York Times Book Review “Impressively improves on the excellent beginning of the trilogy.”—USA Today “An epic sci-fi novel with all the romance, action, and suspense you could ever want.”—Seventeen.com * “This gut-wrenching sequel to *The 5th Wave* careens on a violent course of nonstop action.”—Publishers Weekly, starred review * “A breathless, grueling survival story Yancey’s prose remains unimpeachable—every paragraph is laden with setting, theme, and emotion.”—Booklist, starred review “A roller-coaster ride of a sequel.”—Kirkus Reviews “It doesn’t just move the story forward, but even opens up new possibilities in the previous book.”—Geekdad.com

The Second Mountain Feb 09 2021 #1 NEW YORK TIMES BESTSELLER • Everybody tells you to live for a cause larger than yourself, but how exactly do you do it? The author of *The Road to Character* explores what it takes to lead a meaningful life in a self-centered world. “Deeply moving, frequently eloquent and extraordinarily incisive.”—The Washington Post Every so often, you meet people who radiate joy—who seem to know why they were put

on this earth, who glow with a kind of inner light. Life, for these people, has often followed what we might think of as a two-mountain shape. They get out of school, they start a career, and they begin climbing the mountain they thought they were meant to climb. Their goals on this first mountain are the ones our culture endorses: to be a success, to make your mark, to experience personal happiness. But when they get to the top of that mountain, something happens. They look around and find the view . . . unsatisfying. They realize: This wasn't my mountain after all. There's another, bigger mountain out there that is actually my mountain. And so they embark on a new journey. On the second mountain, life moves from self-centered to other-centered. They want the things that are truly worth wanting, not the things other people tell them to want. They embrace a life of interdependence, not independence. They surrender to a life of commitment. In *The Second Mountain*, David Brooks explores the four commitments that define a life of meaning and purpose: to a spouse and family, to a vocation, to a philosophy or faith, and to a community. Our personal fulfillment depends on how well we choose and execute these commitments. Brooks looks at a range of people who have lived joyous, committed lives, and who have embraced the necessity and beauty of dependence. He gathers their wisdom on how to choose a partner, how to pick a vocation, how to live out a philosophy, and how we can begin to integrate our commitments into one overriding purpose. In short, this book is meant to help us all lead more meaningful lives. But it's also a provocative social commentary. We live in a society, Brooks argues, that celebrates freedom, that tells us to be true to ourselves, at the expense of surrendering to a cause, rooting ourselves in a neighborhood, binding ourselves to others by social solidarity and love. We have taken individualism to the extreme—and in the process we have torn the social fabric in a thousand different ways. The path to repair is through making deeper commitments. In *The Second Mountain*,

Brooks shows what can happen when we put commitment-making at the center of our lives.

Finding Meaning in the Second Half of Life Jun 03 2020 What does it really mean to be a grown up in today's world? We assume that once we "get it together" with the right job, marry the right person, have children, and buy a home, all is settled and well. But adulthood presents varying levels of growth, and is rarely the respite of stability we expected. Turbulent emotional shifts can take place anywhere between the age of thirty-five and seventy when we question the choices we've made, realize our limitations, and feel stuck—commonly known as the "midlife crisis." Jungian psycho-analyst James Hollis believes it is only in the second half of life that we can truly come to know who we are and thus create a life that has meaning. In *Finding Meaning in the Second Half of Life*, Hollis explores the ways we can grow and evolve to fully become ourselves when the traditional roles of adulthood aren't quite working for us, revealing a new way of uncovering and embracing our authentic selves. Offering wisdom to anyone facing a career that no longer seems fulfilling, a long-term relationship that has shifted, or family transitions that raise issues of aging and mortality, *Finding Meaning in the Second Half of Life* provides a reassuring message and a crucial bridge across this critical passage of adult development.

***The Second* Nov 08 2020 From the New York Times bestselling author of *White Rage*, an unflinching, critical new look at the Second Amendment and how it has been engineered to deny the rights of African Americans since its inception. In *The Second*, historian and award-winning, bestselling author of *White Rage* Carol Anderson powerfully illuminates the history and impact of the Second**

Amendment, how it was designed, and how it has consistently been constructed to keep African Americans powerless and vulnerable. The Second is neither a “pro-gun” nor an “anti-gun” book; the lens is the citizenship rights and human rights of African Americans. From the seventeenth century, when it was encoded into law that the enslaved could not own, carry, or use a firearm whatsoever, until today, with measures to expand and curtail gun ownership aimed disproportionately at the African American population, the right to bear arms has been consistently used as a weapon to keep African Americans powerless--revealing that armed or unarmed, Blackness, it would seem, is the threat that must be neutralized and punished. Throughout American history to the twenty-first century, regardless of the laws, court decisions, and changing political environment, the Second has consistently meant this: That the second a Black person exercises this right, the second they pick up a gun to protect themselves (or the second that they don't), their life--as surely as Philando Castile's, Tamir Rice's, Alton Sterling's--may be snatched away in that single, fatal second. Through compelling historical narrative merging into the unfolding events of today, Anderson's penetrating investigation shows that the Second Amendment is not about guns but about anti-Blackness, shedding shocking new light on another dimension of racism in America.

Born in the Second Wind Jun 27 2022 The fortitude which won Kamlesh the cycle race had the designs of victories her future awaited. Though the battle was still her own, it was for her son Jeet to win for her. The tide takes a turn for the worse when the very people who should have been the springboard to Jeet's success, pull the ladder from right under his feet. The inconsistencies of the unjust world left her tentative and worried, and her son, battered and bruised. Jeet had fallen. That's when Jeet's angel – the Doppelganger – emerges with the second wind, which if unleashed would take Jeet to unprecedented heights. Will he remain fallen?

Will he not throw his dice in the game called life anymore? Will his courage rise with every attempt of intimidating him? Above all, will he be Born in the Second Wind?

***The Second Machine Age* May 03 2020** A New York Times Bestseller. A “fascinating” (Thomas L. Friedman, New York Times) look at how digital technology is transforming our work and our lives. In recent years, Google’s autonomous cars have logged thousands of miles on American highways and IBM’s Watson trounced the best human Jeopardy! players. Digital technologies—with hardware, software, and networks at their core—will in the near future diagnose diseases more accurately than doctors can, apply enormous data sets to transform retailing, and accomplish many tasks once considered uniquely human. In *The Second Machine Age* MIT’s Erik Brynjolfsson and Andrew McAfee—two thinkers at the forefront of their field—reveal the forces driving the reinvention of our lives and our economy. As the full impact of digital technologies is felt, we will realize immense bounty in the form of dazzling personal technology, advanced infrastructure, and near-boundless access to the cultural items that enrich our lives. Amid this bounty will also be wrenching change. Professions of all kinds—from lawyers to truck drivers—will be forever

upended. Companies will be forced to transform or die. Recent economic indicators reflect this shift: fewer people are working, and wages are falling even as productivity and profits soar. Drawing on years of research and up-to-the-minute trends, Brynjolfsson and McAfee identify the best strategies for survival and offer a new path to prosperity. These include revamping education so that it prepares people for the next economy instead of the last one, designing new collaborations that pair brute processing power with human ingenuity, and embracing policies that make sense in a radically transformed landscape. A fundamentally optimistic book, *The Second Machine Age* alters how we think about issues of technological, societal, and economic progress.

Assessment in the Second Language Writing Classroom Apr 13 2021 *Assessment in the Second Language Writing Classroom* is a teacher and prospective teacher-friendly book, uncomplicated by the language of statistics. The book is for those who teach and assess second language writing in several different contexts: the IEP, the developmental writing classroom, and the sheltered composition classroom. In addition, teachers who experience a mixed population or teach cross-cultural composition will find the book a valuable resource. Other books have thoroughly covered the theoretical aspects of writing assessment, but none have focused as heavily as this book does on pragmatic classroom aspects of writing assessment.

Further, no book to date has included an in-depth examination of the machine scoring of writing and its effects on second language writers. Crusan not only makes a compelling case for becoming knowledgeable about L2 writing assessment but offers the means to do so. Her highly accessible, thought-provoking presentation of the conceptual and practical dimensions of writing assessment, both for the classroom and on a larger scale, promises to engage readers who have previously found the technical detail of other works on assessment off-putting, as well as those who have had no previous exposure to the study of assessment at all.
