Spanked: How Hitting Our Children is Harming Ourselves is a historical and cultural analysis of the long accepted practice of hitting children for learning and obedience. The book begins with understanding who spansks and how the practice of using a hand to hit the buttocks of children evolved. Erickson explores the cultural factors from historical magazine articles and parenting books to contemporary beliefs that support this type of discipline.

Spanking's connections to a variety of topics are clarified, including the feelings of parents, perceptions of children, potential child abuse, school corporal punishment, attachment and bonding, the legal language that allows hitting of one's children but not others, and international perspectives on physical punishment. The book invites an exploration of who we are as parents, and as a society, and what family leadership really means. Book group questions for families, professionals, and organizations lend the book useful for conversation and dialogue in libraries, living rooms, offices, and classrooms. Erickson gives readers an open platform to discuss respectfully what we are really communicating when we spank children. Here, we have a spanking tour de force for any curiosity, appetite, and sexual preference. And to that end, Rachel Kramer Bussel offers *Bottoms Up*, another delicious collection of stories that celebrates the pleasures of an inviting bum turned rosy red by hand, crop, whip, or paddle. Whether written from the perspective of the spanker or the spankee, those who crave discipline or those discovering for the first time how good being bad can feel, each vivid tale trembles with erotic pleasure. *Bottoms Up* is essential reading for those with endless capacities to have their bare bottoms soundly smacked, those who revel in delivering the deliciously ecstatic pain to a lover, or those who simply believe in turning the other cheek – over and over and over again. My Master and I have a spanking romance. Master spanks me about twice a day. It's one way he shows how much he loves me, and it's something he genuinely likes to do. To finish the day off, often Master gives me a spanking before bedtime. If a friend comes over that's into BDSM, he'll let him or her spank me also if they want. I don't think he feels I can be spanked enough. I am not allowed to wear any cloths at home unless we are expecting company or if it's cold. That makes it easier for my lover (Master) to play with and spank me. After a romantic spanking we might cuddle, or instead Master might send me to stand in the corner. If I'm in the corner he might come over and rub my hot red butt cheeks. Master likes to hear me cry in some manner after receiving a good

spanking. As part of our spanking romance Master is quick to punishment me. Let me now tell you all about that as I'm going to get punished, played with and taken a lot in this book. I am a female sex slave that likes it rough. The qualities in a man that I like include spanking, biting, rough sex, mental dominance, bondage and discipline. I want someone to intimidate me by using his looks, by his actions, gestures, playing mind games and making me feel guilty. I want someone

to make all the decisions for me, to be the king of the castle :) I can be bratty at times but I can take the punishments I earn and expect to be punished often! I know what I want and what I like. My man takes a weak woman unable to face the world and teaches her to be a strong woman, weak only to him. I love the sadistic side to a man and enjoy his having total control over me. I like to be taken forcibly and to be forced to serve in general. I am also a lady that makes her living off of being spanked. I love how my butt is almost always warm and marked. I also have a wonderful, though sexually sadist Master who I play with as all this spanking sure makes me horny. My butt can take a lot of abuse and good thing because folks who pay to spank me, really want to get their money's worth. Often they spank me as hard and as long as they physically can. These spankings can make me cry. Often I'm stripped naked and tied down to a wooden platform for a long, hard strapping and/or paddling. That may be after they've first given me a good over the knee spanking. Yes it hurts but it pays the bills and gets me so excited. I'll now tell you in full detail about all my spankings. This ebook contains 10 ebooks which are normally sold separately. who need you as their lifeline! You need new discipline tools! Governess Gemma Forbes is one of the best known spankers you've probably never heard of. Intensely private, her expertise in the art and science of traditional, old-fashioned domestic discipline is known among the initiated the world over. This book allows you to benefit from that knowledge. The daughter of an American college professor and a British dance instructor, Gemma was born in London, England. Her family relocated to the U.S. when she was six years old. Her background in literature and the theater prepared her well to explore her fascination with spanking fantasies. One thing led to another and, in an era when such things were tolerated far less amicably than they are now, she transformed recreational pursuits into a continuously expanding trade, at which she was able to bring her unique brand of excitement to the lives of spanking lovers worldwide. In the pages of this book you'll find a plethora of stories about the early days of Ms. Forbes' career. You'll also find here essential useful tips, hints and advice for beginners and experienced spanking enthusiasts alike. If there's ever been something you've wondered about spanking games, you'll likely find it addressed right here. There's information on how to begin your exploration, how to find someone to play with, how to use (and even find) spanking implements, how to broach the idea of inviting your significant other to join you in your penchant, even what to do when a spanking scene goes wrong... and much, much more. A Deadspin columnist presents a heartfelt account about the ups and downs of raising a family in modern America that shares brutally honest insights into the coping mechanisms employed by today's parents, in a memoir that also shares his positive views on the strengths of American parenting. My husband got me involved in the life of slavery and we were happy until my submissive needs got to be too much for him. I started seeing other people but he couldn't handle it and divorced me. I need someone who doesn't worry about my happiness or comfort and knows how to use and punish a slave. I need someone who will turn me into his property and take me at will. I am a sweet slave that craves service. I love the look on my Dom's face when he is happy. I like being called

a good girl and know he means it. I love sitting at his feet with my head in his lap and knowing there is no other place I would rather be. But now let's talk about my first major spanking party. This very memorable and extreme spanking party occurred in 2006. For three days and nights, the sound of pretty ladies getting spanked OTK and strapped to spanking apparatuses, was the norm. Informal reports put the number of substantial spankings at the three day event to be around 300. Us girls left with very raw butts, a great memory and many thousands of dollars for our trouble. These exclusive spanking and sex parties occur several times a year in many countries. I go to as many as I can. A *CHOICE* Outstanding Academic Title 2014! Why do parents hit those they love? What effect does it have on children? What can be done to end this pattern? These are some of the questions explored in *The Primordial Violence*. Featuring longitudinal data from over 7,000 U.S. families as well as results from a 32 nation study, the book presents the latest research on the extent to which spanking is used in different cultures and the subsequent effects of its use on children and on society. Evidence that shows the relationship between spanking and the subsequent slowing of cognitive development and increase in antisocial and criminal behavior is shown. Both cross-sectional and longitudinal studies are explored in an accessible fashion. An abundance of high quality research has produced findings that are highly consistent from study to study which show that spanking is a risk factor for aggressive behavior and other social and psychological problems. Because of these findings, the authors argue for policy changes and recommend a drastic reduction in the use of spanking. Policy and practical implications are explored in most chapters. *The Primordial Violence* highlights: The benefits of avoiding spanking such as the development of better interpersonal skills and higher academic achievement; The link between spanking and behavioral problems and crime; The extent to which spanking is declining and why despite the unusually high level of agreement between numerous studies which found

harmful effects from spanking, most parents continue to spank. Part 1 documents the worldwide use of spanking and why parents spank. The possible adverse effects of spanking on children's behavior and academic achievement, and the potential for violence and criminal behavior in later life, are explored in Parts 2, 3, and 4. Part 5 examines trends in spanking, and suggests what can be done to lower the percent of parents who spank. Contradictory opinions about whether to spank are explored. The book concludes with a call for change in this aspect of parenting which will have profound benefits, for the children and families involved, and society as a whole. loving correction that will help all of us train up a child in the way he or she should go." Bob Lepine, Cohost, *FamilyLife Today Parenting* can be a challenge. Sometimes it seems like all we do is give directions and all children do is disobey. How can we promote good behavior and a peaceful home without becoming harsh drill sergeants on the one hand or passive pushovers on the other? This book aims to help you better understand loving correction through clear steps and practical tips aimed at transforming not only your children's behavior but also their hearts. Rooted in three principles—keep it God-centered, always mean what you say, and reward obedience rather than disobedience—this is a guide to consistent, faithful discipline that mirrors the grace-giving, truth-speaking God of the Bible and sets the tone for a loving, joy-filled home. To spank or not to spank? If you are a parent, you have most likely already asked yourself this question – should you spank your child? And if so, how should you go about it? Spanking is an effective punishment and discipline method when done right. This book will take you through the principles of ethical and constructive spanking, followed by a step-by-step guide on how to spank your child with love. Punishing your child can hurt you more than it does him/her. Responsible parents will do everything they can to mold their children to principled and compassionate individuals, including an occasional whip. However, spanking your child could have the opposite effects if you don't do it right. Unfortunately, lack of knowledge, or willful breaking of the spanking rules, will have the same negative results on your child's psychology. It is your responsibility as a parent to educate yourself in spanking, or not do it all. Consensual adult spanking can be sexy or strict, giggly or grave, gentle enough to pinken the skin or intense enough to leave marks. It can involve infinite combinations of roles, implements and positions – enough to keep even the most avid spankophile busy for a lifetime. Janet W.
